REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),— dated 8th July 1890.

READ—

The following letters from the Deputy Commissioner, Kadur District.—

No. 54, dated 8th May 1890.

With reference to the orders of Government conveyed in Proceedings No. 154, dated the 30th ultimo in Mr. C. S. Brito's case, I have the honor to forward the enclosed proceedings connected with the sale of 10 acres of coffee jungle out of Survey No. 18 of the Arsinguppe Village in the Chikmagalur Taluk.

2. The sale was held on the 26th November 1889, and the highest bidder was one Maralaiya for Rs. 100—8—0.

3. The deposit was received on the date of sale.

4. But the balance of the purchase money was paid one day later than the fixed period, *viz.*, on the 11th December 1889.

5. I first ordered a resale of the land but on reconsideration, I directed that the second auction should be suspended until a reply was received from Government on the general question of condoning such defaults.

6. Under these circumstances, I request you to be good enough to move Government for authority to confirm the original sale.

No. 55, dated 8th May 1890.

In continuation of my letter No. 54 of this date, I have the honor to submit for the orders of Government Kanarese Proceedings regarding the sale of 34 acres of coffee jungle applied for by Mr. Buchanan of the Siddra Banu Estate out of Survey No. 14 of the Haravari Village in the Yedahalli Sub-Taluk.

2. In this case the balance of purchase money was due on the 20th February last. But a cheque, which was not despatched from the Siddra Banu Estate till that day, was received at the Deputy Amildar's Cutcherry on the 26th idem. The condition of the sale not having been complied with, there was no option left but to cancel the sale with forfeiture of the deposit of Rs. 87—7—0.

3. A re-sale was held on the 12th April 1890, and the highest bidder was Nagappa for Mr. Buchanan for Rs. 349—12—0 again. The full amount was paid on the same date.

4. With reference to the recent decision of Government in the case of Mr. C. S. Brito of a similar nature, I request you to be good enough to move the Government to allow a refund of the forfeited deposit amount of Rs. 87—7—0 in favor of Mr. Buchanan.

Also 2 petitions from Mr. Buchanan on the same subject.

No. 3160—109, DATED BANGALORE, 8TH JULY 1890.

ORDER THEREON.—The cases under reference are cases in which purchasers at auction sales of the right of occupancy of Government waste land failed to pay the balance of purchase money within the time prescribed for the purpose in the sale notices. No general orders can be passed on the subject of condoning such failures. Each case will require consideration and disposal on its own merits.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),— dated 8th July 1890.

2. In the first of the two cases reported in the letters above read, the purchaser Maralaiya's failure is stated in the Vernacular papers to be due to he having been taken ill on his way to the Taluk Cutcherry On this ground his default is condoned.

3. In the second case in which Mr. Buchanan is the defaulter the circumstances are not exceptional and accidental as they were in Mr. Brito's case, which formed the subject of the orders in Proceedings No. 151—55, dated 30th April last But as a second sale has been held and the highest bid at this second sale is stated to be on behalf of Mr. Buchanan and no appreciable loss has accrued to Government, his default is condoned as a special case, and sanction is accorded to the refund of the deposit made by him at the first sale.

4.. The Government remark that when references of the kind under disposal are made, it is unnecessary to encumber them with the entire record relating to the cases referred for orders. It will be sufficient and convenient if the reports themselves contain full statements of the facts of the cases in which orders are sought.

Docket from the Deputy Commissioner, Kolar District, dated 15th May 1890, No. 163—105.

No. 3361-9—CIR. 56, DATED 10TH JULY 1890.

ORDER THEREON.—In the docket read above, the Deputy Commissioner states that the three Inam villages named in the margin were sold for arrears of revenue; that there was no bid for the 3rd village; and that for the two other villages the amount of bid was less than the arrear due, and enquires whether all the villages should be resumed for Government, or the sale of the two villages confirmed to the highest bidder.

1. Kari Jangalahalli } Sidlaghatta
2. Silardinne. } Taluk.
3. Pennaganahalli. . Chintamani Taluk.

2. The Government observe that all the three villages were sold prior to the expiry of 30 days from the date of the publication of the sale notification. The sale notice of the first two villages, though dated 16th February 1890, was only published on 1st March 1890, and the sale was held on the 15th idem. The sale notice of the 3rd village was published on the 7th April 1890, and the sale was held on the 29th idem. This being contrary to the provisions of Section 178 of the Land Revenue Code, the sales must be cancelled and the villages sold again after a fresh notification.

3. The rules under the Revenue Code, which are now in the Press, will be shortly issued. They provide that where there are no bidders at the auction or where the amount of the bid is less than the arrear due, the Deputy Commissioner may bid on behalf of Government up to the amount of the arrear and buy the village for Government. This course, which should be adopted in future, will obviate the necessity of resuming enfranchised Inam villages for arrears of revenue. The sum for which the Deputy Commissioner may buy the villages should be debited to Government under " Purchase of lands sold for arrears of revenue " and credited to Land Revenue.

4. The rules, which will be shortly issued, further provide that the sales of whole Inam villages may be confirmed by the Deputy Commissioners like the sales of all other lands, without reference to Government, but subject to an appeal to Government under the Land Revenue Code.

Chief Secretary.

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 119, dated 2nd June 1890.

I have the honor to bring to notice that the strict enforcement of Section 39 of the Mysore Land Revenue Code in so far as it provides that lands set apart for the free pasturage of the village cattle shall not be otherwise appropriated or assigned *without the sanction of Government* is likely to be productive of much inconvenience.

Applications for the whole or for portions of Survey numbers, constituting lands set apart for free pasturage, are exceedingly numerous and have hitherto been promptly disposed of by the Deputy Commissioners after reference to the Survey Superintendent as regards the assessment to be imposed.

2. Section 4 of the Land Revenue Code provides for Government conferring upon the Revenue Commissioner or other officer above the rank of Deputy Commissioner the necessary powers (see Schedule 1, Section 39). I presume that, as the matter is urgent, and there is absolutely no necessity for Government being burdened with the details of applications of the kind in question, the necessary power could be conferred upon Deputy Commissioners. I submit the question however for consideration, as the Mysore Land Revenue Code does not specifically provide for the difficulty I have brought to notice.

No. 3442-50—CIR. 60, DATED 10TH JULY 1890.

ORDER THEREON.—The Government are not disposed to empower the Deputy Commissioners to allot for cultivation lands assigned for free pasturage without reference to Government. There is plenty of land other than that assigned for free pasturage available for cultivation and the Government do not think it proper to diminish the free pasturage and give it for cultivation unless there is absolute necessity for the same.

Letter from the Deputy Commissioner Hassan, dated 27th March 1890, No. 639—S.

From the Superintendent, Inam Settlement, To the Chief Secretary to the Government of Mysore, No. 11—1, dated Bangalore, 9th June 1890.

In forwarding an extract from the Inam Register of Kaganur Village containing the case alluded to in your docket No. 742—11 of the 30th April last, I have the honor to state that both in the Inam and Survey Departments the Inam appears as a whole number. The course recommended by the Deputy Commissioner is unprecedented, and I do not recommend its adoption, being unsupported by any ruling of any kind.

The Inam in question was on the score of invalidity burdened with half quit-rent, or Rs. 8, at the Inam Settlement.

The Phod made by the Revenue authorities seems to me to be quite irregular. Treatment of this case as now proposed by the Deputy Commissioner would lead to countless applications to the same effect.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 11th July 1890.

No. 3399-407—CIR. 58, DATED 11TH JULY 1890.

ORDER THEREON.—A certain Devadayam Inam in the Kaganur Village, Manjarabad Taluk, bearing a quit-rent of Rs. 8 fell into arrear amounting to Rs. 19-13-0. The Inam consisted of a single number, with an area of *5 acres and 20 guntas assessed at Rs. 18. The Deputy Commissioner split the number into two as shown in the †margin and ordered Section A to be sold for arrears subject to the payment of full assessment, but, there was no one to bid for it. He therefore requests that Section A may be resumed and Section B continued free of tax as Inam.

2. The Government agree with the Inam Superintendent in considering that the Deputy Commissioner's proposal is inadmissible. Inamdars cannot be allowed to throw up so much of their Inam land as bears an assessment equal to the quit-rent payable on the whole, and retain the remainder free of quit-rent. The whole Inam must be resumed and the arrears due written off the accounts.

READ—

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Government of Mysore, No. 933, dated 7th February 1890.

I have the honor to submit herewith a file of Kanarese correspondence ending with Heggaddevankote Amildar's report No. 502, dated 11th January 1890, on the application of Ganji Narsimmaiya for certain lands in Kodi Chamanhalli and Mellahalli villages, Heggaddevankote Taluk.

2. I personally inspected some of the land applied for, but as it grew dark, I was unable to see it all, and directed the Sub-Assistant Conservator of Forests to inspect the jungle in both these villages thoroughly and report. His report is submitted with this.

3. I saw enough of the land now applied for, to understand that it cannot be styled forest. There are a few tamarind trees here and there and some sandal, but no other jungle worth preserving.

4. The Dewan of Mysore will understand the sort of jungle there is exactly, when he knows that it is really a continuation of the scrub jungle, which His Highness the Maharaja and the Dewan went over, when shooting last December. The jungle is exactly the same small scrub mixed with some sandal.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 12th July 1890.

5. The greater part of the land applied for is commanded by a channel and can, therefore for the most part, be turned into wet cultivation. The present revenue to Government from these two villages from hulbanni is only about Rs. 4—8—0, but the Amildar anticipates a revenue of about Rs. 700 at least, if permitted to give them for cultivation.

6. The darkhastdar is Mr. Ganji Narsimmaiya, the well-known merchant, who founded the Sanskrit school at Mysore. It is for the maintenance of this school, I understand, that he wishes to devote the income of these lands.

7. Of course care will be taken to reserve to Government, any particular field where the growth of sandal is unusually thick and the darkhastdar will be warned that he is responsible that no damage is done to the existing trees in the other parts by his men.

8. The Order of Government No. 805, dated 20th April 1886, reserving these lands having been evidently issued under the belief that they were covered with heavy valuable forest, instead of being as they are covered, only with scrub, I beg that it may be rescinded and that I may be permitted to give the lands out for cultivation at once.

9. I understand that my predecessor, Mr. Ananda Rao, also inspected these villages and expressed himself as desirous of giving these lands out.

10. Early orders are requested so that I may have the lands of these villages at once measured up into numbers and classed. Unless this is done now, the darkhastdar will lose another whole cultivating season.

No. 3391-4—151, DATED 12TH JULY 1890.

ORDER THEREON.—Under the circumstances represented in the above, the Government are pleased to rescind the orders contained in Proceedings No. 805, dated 20th April 1886, and to direct that the lands applied for may be broken up into smaller survey numbers classed and assessed. Such fields as are thickly studded with sandal trees should be reserved for Government. The right of occupancy of the remainder, with trees standing thereon, should be sold by public auction, due notice thereof being given to all interested and otherwise well published. If Ganji Narsimmaiya wishes he may bid for the lands at the auction.

2. The Dewan is not disposed to attach any value to the suggestion of the Amildar that the lands can be irrigated by channel water, and that therefore a revenue of Rs. 700 can be obtained from it as water-rate. The channel in question is the Megalve Channel which conveys a very limited supply of water barely sufficient for the lands now irrigated by it. Until it and its feeder from the Hanagode anikat are put into thorough order and improved by the Public Works Department, the Deputy Commissioner should be careful in acceding to applications for converting dry lands into wet with the use of water conveyed by this channel.

Only one Inam village in Mysore and two villages in Kolar were resumed by Government during the year, and a Government village in Mysore and another in Bangalore were transferred to Kayamgutta. No new villages were formed during the year under report, nor has there been any change actually either in the number of populated or depopulated villages, but the differences in the figures of the two years are merely the results of corrections of mistakes in the returns of the previous years, of clubbing of villages by the Survey Department, and of transfers from one Taluk or District to another. The Government, however, note that a uniform course has not been adopted in regard to the registry of villages clubbed by the Survey Department. In Bangalore, the villages joined with other villages were treated and entered as hamlets of the villages with which they had been incorporated; while in Mysore, all the villages clubbed, were treated and entered as single villages. The course adopted by the Bangalore Deputy Commissioner is the correct one, and the other Deputy Commissioners are requested to follow the same course in future, after rectifying the errors in the existing accounts. In submitting the returns for 1889—90, the Deputy Commissioners should explain the variations clearly in the statements themselves.

3. *Seasons.*—The seasons were on the whole favorable. The rain-fall in each District is shown in Statement No. 2. The average fall in the whole Province in 1888—89 was 37·65 inches against 38·62 in 1887—88 and 38·29 in 1886—87. The early rains in Kolar, Tumkur and Hassan were scanty and the crops raised under them were poor. The south-west rains were good everywhere except in Bangalore, where they failed at the beginning. The out-turn of the crop in Bangalore was 8 annas, that in Hassan 12 annas, and the Kartika crop in Kolar was almost a

failure. In Tumkur, the dry crops are stated to have yielded an average produce, and in Mysore the paddy and ragi yielded a ten anna crop, while the out-turn of the other crops varied from 4 to 9 annas. In Kadur, the paddy crop was 12 annas and the yield of supari was excellent. The only crop that suffered from want of sufficient rain-fall in that District was sugar-cane. In Chitaldroog, the harvest was satisfactory, the average yield being 12 annas. In Shimoga, the rain-fall was ample, but no information is given in regard to the yield of the crop, which was apparently good. On the whole, the out-turn in the whole Province may be said to have varied from 8 to 12 annas, except in a few localities in Mysore, where it was less.

4. *Sanitary Condition.*—The public health was on the whole fair The total number of deaths from diseases and injuries in the whole Province amounted to 71,729 against 71,975 during 1887—88, as shown below :—

Diseases.	1887—88	1888—89	Rate per mille of population in 1888—89.
Cholera	880	1,335	·32
Small-pox	6,063	5,855	1·40
Fevers	40,329	37,549	8·97
Bowel complaints	4,408	5,964	1·42
Injuries	1,035	997	·24
Other Causes	19,260	20,029	4·78
Total.....	71,975	71,729	17·13

5. The returns of the Tumkur and Kadur Districts do not give the number of persons vaccinated in those Districts ; but, in the other Districts, the number of persons successfully vaccinated is stated to be as follows :—

Number.	Districts	1887—88	1888—89
1	Bangalore	9,596	9,443
2	Kolar	Not given.	8,688
3	Mysore	17,708	19,082
4	Hassan	9,848	11,014
5	Shimoga	7,475	7,083
6	Chitaldroog	Not given.	5,424

6. The number of births during the year was 96,073 against 94,913 during 1887—88. The details of each District are given in Statement No. 3.

7. *Condition of Cattle.*—The condition of cattle was also fairly good. The number of cattle in 1888—89 compared with that of 1887—88 was as shown below. The details of each District are given in Statement No. 4.

Number.	Description of Cattle.	1887—88	1888—89
1	Cows and Bullocks	2,836,831	2,868,737
2	Buffaloes	450,713	489,068
3	Horses and Ponies	20,446	21,113
4	Donkeys and Mules	45,060	45,405
5	Sheep and Goats	2,335,118	2,387,203
	Total.....	5,688,168	5,811,526

Cattle disease prevailed more or less in all the Districts; but the loss was heavy in the Taluks of Closepet, Magadi and Nelamangala of the Bangalore District and in the Sorab and Sagar Taluks of the Shimoga District. The number of deaths from each cause is given only for a few Districts. The Deputy Commissioners are requested to report in future the number of deaths among each description of cattle from each cause and to state the steps taken by them to prevent or cure the malady.

8. *Wild Animals.*—The total number of persons and cattle killed was as shown in the margin. The number of wild animals killed in 1888—89 was 1,800 against 2,559 in 1887—88. Rs. 4,254 were paid as rewards for killing wild animals during 1888—89 against Rs. 4,343 in 1887-88, besides Rs. 706 paid for killing snakes in 1888—89 against Rs. 790 in 1887—88. The details of each District are given in Statement No. 5.

No.	Particulars.	1887—88	1888—89
1	Persons killed ..	10	10
2	Cattle and sheep killed..	6,751	7,764

9. *Prices.*—The prices in 1888—89 were slightly higher than those in 1887—88, as will be seen from Statement No. 6. The average price of ragi in 1888—89 was 41 seers per rupee against 44 in 1887—88 and that of common rice was 13 seers against 15 in 1887—88. The rise in price thus slightly compensated the loss of crop occasioned by untimely falls of rain.

10. *Holdings.*—Statement No. 7 shows the area and assessment of the holdings in 1888—89, compared with the figures of 1887—88, of which the following is the abstract :—

11. As will be seen from the above statement there was an increase of Rs. 1,07,781 in the assessment of the lands occupied, which is the net result of a gross increase of Rs. 4,59,588 and of a gross decrease of Rs 3,51,807 as shown below :—

12. The only item of the variations which requires special notice is the large area absolutely relinquished, and the subjoined statement exhibits the area and assessment of the lands so relinquished in each District :—

13. The relinquishments were large in Kolar, Tumkur and Bangalore. The Deputy Commissioner of Kolar explains that they are due to the practice of raiyats, taking up lands in favorable seasons and throwing them up in unfavorable seasons. The Deputy Commissioners of Tumkur and Bangalore do not give any explanation. The Kolar Deputy Commissioner's explanation may be accepted so far as dry lands are concerned, as extensive lands of this description are always available for cultivation, but it is doubtful whether the raiyats would relinquish valuable wet and garden lands and run the risk of their being taken up by others. Moreover, the Government note that the average rates of wet and garden lands relinquished are in some Districts higher than the average rates of the existing holdings and this indicates that lands are thrown up on account of the heaviness of assessment The Deputy Commissioners are therefore requested to go into the matter thoroughly and report whether there are any avoidable causes which have contributed to relinquishments of lands in their Districts. The Government are particularly anxious to know whether any such valuable gardens as supari are being thrown up owing to the heaviness of assessment and they would therefore be glad if the area thrown up under each description of garden could be separately shown. It is presumed that the amounts shown under increase and decrease by "Survey Operations" include lands newly taken up and those relinquished at the introduction of the survey rates. If so, the figures shown do not give an accurate idea of the effect of the introduction of new rates, or of the area relinquished. In future all relinquishments and new occupations should be shown under their proper heads and not under "Survey Operations" whether they take place at the introduction of settlement or at other times The other variations do not call for remark.

14. Out of the total area of 5,384,130 acres occupied by the raiyats, 4,764,823 acres were actually cultivated (*vide* Statements Nos. 8 and 9) and the remainder (619,307 acres) was waste. There is nothing to show how much of the waste was wet and whether it was due to the insufficiency of rain-fall and water supply, or to the tanks having been out of repair. This information should invariably be furnished in future. The area cultivated under each crop is shown below :—

No.	Particulars.	1887—88.	1888—89.
		Acres.	Acres.

15. The percentage of cultivation to the holdings in each District was as follows :—

No.	District.	Percentage.
1	Kolar	95·15
2	Hassan	93·66
3	Bangalore	91·99
4	Mysore	91·52

6	Tumkur	84·53
7	Shimoga	84·34
8	Chitaldroog	83·08

16. The assessment of the holdings above shown includes Irrigation cess mounting to Rs. 1,20,388. Deducting this item, which will be noticed separately nder Local Funds, the remaining assessment of the raiyatwari holdings is Rs. 74,30,020. o this, the following items of miscellaneous revenue as per Statement No. 10, have o be added :—

No.	Particulars.	1887—88.	1888—89.
1	Jodi or quit-rent on Inam and Kayamgutta villages ...	2,13,558	2,13,434
2	Quit-rent on Minor Inams	2,45,649	2,52,382

	Raiyatwari.....	73,27,303	74,30,020
	Total Land Revenue including Raiyatwari...	81,67,505	83,86,724

17. From the foregoing figures it will be seen that the increase of Rs. 2,19,219 in the net Land Revenue of 1888—89, compared with that of 1887—88, is mainly in the 3 items noted in the margin. The increase under 1st and 3rd items is due chiefly to the increased occupation of lands and that under No 2 to the larger quantity of gold discovered, on which royalty is paid. The quantity of gold extracted in 1888—89 was 42,745 ounces against 19,061 in 1887—88.

(1) Raiyatwari ...	1,03,718
(2) Mining leases ...	75,493
(3) Sale proceeds of occupancy rights...	46,896

18. The arrears of Land Revenue at the beginning of the year amounted to Rs. 14,22,784. This added to the current demand of 1888—89 comes to Rs. 98,09,508. Of this, Rs. 84,20,042 were collected within the year and Rs. 91,187 were remitted, leaving a balance of Rs. 12,98,279 at the end of the year, as shown in Statement No. 11, of which the following is the abstract :—

No.	District.	Demand including arrears.	Collections	Remission	Balance.	Percentage of balance to the Demand.
1	Kolar	14,42,766	10,48,920	32,085	3,61,761	25·07
2	Mysore	18,70,304	14,67,095	20,862	3,82,347	20 44
3	Bangalore	12,61.427	10,08,677	13,415	2,39,335	18·97

6	Tumkur	11,62,755	10,95,192	15,323	54,240	4·66
7	Shimoga	13,18,145	12,55,878	765	61,502	4·66
8	Chitaldroog	5,99,141	5,96,100	2,954	87	·01
9	Huzur Treasury	1,03,903	1,03,903	...	...	...
	Total.....	98,09,508	84,20,042	91,187	12,98,279	13·23

19. The collections in Chitaldroog are extremely satisfactory and highly creditable to the Deputy Commissioner Mr B. K. Venkatavaradaengar. The collections in Tumkur and Shimoga are also satisfactory, and it is a noticeable fact that very little coercive process was employed for the collection of revenue. Only about Rs. 63,000 were realized by the sale of property and all the rest was a voluntary payment.

20. The arrears outstanding at the end of 1888—89 relate to the following years, *viz* :—

No.	Years.	Amount.
1	Up to 1876—77	3,543
2	1877—78	4,155
3	1878—79	3,011
4	1879—80	5,088
5	1880—81	13,977
6	1881—82	14,513
7	1882—83	14,775
8	1883—84	32,495
9	1884—85	35,289
10	1885—86	43,141
11	1886—87	74,455
12	1887—88	1,42,653
13	1888—89	9,12,184
	Total.....	12,98,279

The Districtwar particulars are shown in Statement No. 12, from which it will be seen that the arrears previous to 1888—89 are heavy in the Districts of Kolar, Tumkur, Bangalore and Mysore. It is altogether undesirable to allow such old arrears to be kept hanging against the raiyats. If they can be collected, they must be realized at once. If they cannot be collected without much hardship to the raiyats, they should be written off the accounts as irrecoverable. The Deputy Commissioners concerned are requested to obtain individual lists of arrears at once and recommend the remission of all such old arrears as cannot be immediately collected without oppression.

21. The remissions granted during the year consist of the following items:—

No.	Particulars.	Current.	Arrears.
1	On account of death, desertion and poverty	...	40,505
2	Do wet waste	...	29,086
3	Do lands under breached tanks	1,371	5,368
4	Assessment on waste lands given to Patels for temporary remuneration	6,734	...
5	Dasavandam Inams	11	...
6	¼ assessment on lands under private tanks	6,632	...
7	Other causes	1,480	...
	Total.....	16,228	74,959

Remissions an account of wet waste must as a rule be granted at the Jamabandi and not after the expiration of the year If any portion of the balance due for 1888—89 consist of items which require to be remitted under the rules in force, the Deputy Commissioners should lose no time in forwarding the necessary applications for such remissions.

22. *Forest.*—The forest revenue in 1888—89 compared with that of 1887—88 was as shown below.

The Districtwar particulars are given in Statement No. 13.

No	Particulars.	1887—88.	1888—89.

	Do remissions ...	648	16,739
	Balance.. ...	1,91,695	42,950

23. The decrease under Item 1 is owing to less quantity having been sold during 1888—89, in consequence of low prices offered The remaining decrease, which occurs chiefly under Items 2 and 8, is in the District of Mysore. The cause is not explained. It will be considered when the Forest Report is reviewed.

	Total	10,27,615	11,23,570	

25. The increase in the abkari revenue is spread over all the Districts; but the percentage of increase is large in Hassan, Tumkur and Kadur. The causes will be investigated when the Excise report is received from the Excise Commissioner.

26. *Mohatarfa.* -The revenue under this head in 1888—89, compared with that of 1887—88, is as follows (*vide* Statements Nos. 10 and 14) :—

No.	Particulars.	1887—88.	1888—89.
1	House tax	1,45,295	1,46,897
2	Shop tax	74,453	79,482
3	Loom tax	50,279	50,923
4	Oil-mill tax	10,719	10,991
5	Cart tax	42,161	45,523
6	Other items	863	646
	Total.....	3,23,770	3,34,462
	Arrears at the beginning of the year ...	1,18,004	97,535
	Total	4,41,774	4,31,997

	Do remissions	4,266	2,141
	Balance.....	97,661	1,00,618

The demand, collection and balance of each District is shown in Statement No. 16, from which it will be seen that the total balance remaining to be collected is 23·29 per cent of the demand inclusive of arrears. The percentage of the balance in each District is shown below —

1.	Kolar	48·34
2.	Mysore	34·75
3.	Bangalore	22 50
4	Hassan	18·46
5.	Tumkur	6 44
6.	Shimoga	4·84
7.	Kadur	3·27
8.	Chitaldroog	Nil.

In an item like "Mohatarfa," there is apparently no sufficient reason why such large balances should be allowed to accumulate. The arrears should therefore be collected as soon as possible.

27. The figures given above do not include the Mohatarfa alienated in favor of the Municipalities, which was Rs. 1,50,846.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 14th July 1890.

28. *Sayer and Octroi*—The revenue under this head is given in detail in Statements Nos. 10 and 16, of which the following is an abstract :—

No.	Particulars.	1887—88.	1888—89.
1	Duty on supari	4,00,156	3,97,050
2	Moiety of Octroi collected in Municipalities	9,880	9,997

	Balance.....	2,365	2,996

29. *Salt.*—The total demand of salt revenue in 1888-89 was Rs. 27,871 against Rs. 21,755 in 1887-88 (*vide* Statement No 15). The arrears at the beginning of the year amounted to Rs 4,763. The total amount, including arrears, was Rs 32,634, of which Rs. 27,140 were collected and Rs. 23 remitted, leaving a balance of Rs. 5,471 as shown in the margin (*vide* Statement No. 16).

9	Chitaldroog	23,363	24,972
	Total.....	5,05,524	5,55,717

The accounts furnished do not show how much of this revenue was from sale of judicial stamps and how much from non-judicial stamps. This information should be embodied in future returns. The Government particularly wish to know the sale of receipt stamps in each District, as it is an item in which stamp duty is mostly evaded.

31. *Post Office.*—The total revenue realized in 1888—89 was Rs. 76,206 against Rs. 74,299 in 1887—88. This Department was transferred to Her Majesty's Imperial Postal Department from 1st April 1889.

32. *Law and Justice.*—The collections under this head in 1888—89 were Rs. 54,960 against Rs. 49,590 in 1887—88.

33. *Registration.*—The revenue under this head was as shown below :—

	1887—88.	1888—89.
Bangalore	12,709	12,819
Huzur	808	3,875

Kadur	5,113	4,737
Chitaldroog	1,706	1,953
Total...	53,955	59,605

34. *Jails.*—The total receipts in 1888—89 were Rs 1,344 against Rs. 13,815 in 1887—88. The decrease is due to the receipt of Rs. 11,998 in 1887—88 on account of the cost of the maintenance of convicts of the Civil and Military Station, while there was no such receipt in 1888—89.

35. *Police.*—The receipts in 1888—89 were Rs. 4,128 against Rs. 4,004 in 1887—88.

36. *Education.*—The receipts in 1888—89 were Rs. 26,581 against Rs. 24,284 in 1887—88.

37 *Public Works.*—The demand under this head in 1888—89 was Rs. 62,778. This consists chiefly of contributions promised by raiyats for tank repairs and channel extensions, particularly of the Ramasamudram Channel in the Yedatore Taluk of the Mysore District; but how much of this was collected and how much still remains to be collected is not shown. This information and the details of the demand and the arrears outstanding at the beginning of the year should be given in future. According to the Comptroller's accounts, the receipts during the year amounted to Rs 20,150.

38. *Amrut Mahal Department.*—The realizable revenue under this head in 1888—89 amounted to Rs. 49,655 against Rs 60,820 in 1887—88. The cause of the decrease is not stated, and the amount actually realized is not given.

39. *Interest.*—The demand under this head in 1888—89 was as shown hereunder :—

	1887—88	1888—89
1. Interest on arrears of revenue ...	32,526	26,516
2. Do on loans	871	2,336

3. Do on investments, including Discount on Government Pro. Notes ...	1,81,597	2,38,151
Total.....	2,14,994	2,67,033

The actual collections of Item 1 are not given.

40. *Medical.*—The receipts under this head in 1888—89 were Rs. 2,487 against Rs. 9,789 in 1887—88. The decrease is due to Rs. 7,994 having been contributed by the Civil and Military Station on account of the maintenance and custody of lepers in 1887—88, while there was no such receipt in 1888—89.

41. *Railway Receipts.*—The receipts in 1888—89 were Rs. 1,06,445 against Rs. 2,78,250 in 1887—88. The decrease is due to the transfer of the Mysore Railway Line to the Southern Mahratta Railway Company, who only pay the *net* receipts.

42. *Miscellaneous.*—The revenue under this head was as shown below:—

The percentage of balance under "Local cess" is much greater than that under the heads on which the cess is chiefly collected. The cause is not clear and should be explained.

46. The total revenue under Provincial, Municipal and Local Funds are shown below :—

48. The discrepancies above pointed out show that certain items of revenue, which are shown in the Revenue accounts under one head are credited under another by the Comptroller Some adjustments made by the Comptroller do not also appear to have been communicated to the Deputy Commissioners concerned, as there is a difference in the total realizations under all heads — Provincial and Local-Differences in minor heads under Provincial, are not of much consequence, but erroneous credits of Local Funds to Provincial and *vice versa* and errors in the credits under the several heads of Local Funds affect the balances to the credit of the Local Funds, and require prompt correction. The Comptroller is therefore requested to place himself at once in communication with the Deputy Commissioners concerned, and make the necessary alterations in the accounts by plus and minus adjustments in the revenues of the current year and report the same for the information of Government. The Comptroller is also requested, after consulting the Chief Secretary, to make such arrangements as will in future obviate any difference between the Revenue accounts and his Treasury accounts, which must always agree.

49. In this review, the Government have noticed only such points as relate to agriculture and revenues. All other points of general interest, such as trade, manufactures, &c. have been reserved for notice in the next General Administration Report which is to be published quinquennially.

T. ANANDA RAO,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 17th July 1890.

READ—

Docket from the Deputy Commissioner of Mysore, dated 26th October 1889.

No. 3793-3802—CIR. 67, DATED 17TH JULY 1890.

ORDER THEREON.—In 1888, the Public Works Department suggested the transfer of the up-keep of Hemagiri Channel to the inamdars whose lands were irrigated under it, as 98 per cent of the area irrigated under the channel belonged to them. The Government declined to accede to the suggestion, because this withdrawal from the management of the channel might lead to obstruction to any possible future extension of the channel, and, because there was not much difficulty in collecting the necessary contributions from the inamdars concerned. There are only 10 Inam villages, named in the margin, which are irrigated by the channel, of which the first seven belonged to the same inamdars. In order to facilitate the collection of the contribution payable by the holders of these villages, Yachamanahalli was placed under Government management so long ago as 1867 and it still continues under its management. The contributions payable by the said seven villages are received from the collections of Yachamanahalli and the inamdars of the other three villages pay their contributions separately.

5. Yachenahalli.
6. Madavankodi.
7. Yachamanahalli.
8. Hariharpura.
9. Bommenahalli.
10. Lakshmipura.

2. While declining the transfer of the management of the channel to the inamdars, the Government called upon the Deputy Commissioner to report upon the administration of Yachamanahalli, and the docket read above is in reply.

3. The report shows that, out of the total demand of Rs. 21,196 from 1866—67 to 1887—88, Rs. 19,447 were collected, leaving a balance of Rs. 1,750, of which Rs. 256 are stated to be irrecoverable, and notices and coercive processes have been issued for the remainder. The arrears are old, relating to years commencing from 1869—70. They should either be collected or, if irrecoverable, recommended to be remitted.

4. Of the total revenue of Rs. 19,446 realized, *Rs. 10,695 were paid for repairs of the channels and †Rs. 5,786 were spent for other purposes noted in the margin, leaving a balance of Rs. 2,964 on hand at the end of 1887—88. It is not stated on what authority a sum of Rs. 404 was paid to the inamdars. This should be explained and no payment should in future be made to the inamdars without the sanction of Government. The Chief Engineer will be requested to state how much of the sum of Rs. 10,695 contributed for repairs has been actually expended and how much, if any, still remains on hand.

5. The Government observe that no annual statement of receipts and expenditure was, hitherto, forwarded to this Office although this was directed to be done. The omission should be guarded against in future.

6. The management of Inam villages is an important trust and the Deputy Commissioner should take care that the revenue is settled on the same principles as those adopted in the management of Government villages. The receipts should be credited to "Private Estates under Government management" and no expenditure other than ordinary should be incurred without the sanction of Government. In the annual administration report, a paragraph should be devoted to the management of the private estates.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 15th July 1890.

READ:—

The following letter from the Deputy Commissioner of Chitaldroog, dated 15th August 1889, No. 193—180.

While determining the Shanbhog's charges in the late Hosdurga Taluk, the Revenue Survey Department made the marginally noted ten villages into two ranges, *viz.*, Hosdurga and Rangapur Ranges and the then Deputy Commissioner Major Armstrong appointed Shanbhogs thereto.

I.
1. Hosdurga.
2. Dasarhalli.
3. Kanavesangenahalli.
4. Komarnakanave.
(Potgi 50 Rs.)

II.
1. Rangapur.
2. Kadtankere.
3. Chennasamudra.
4. Bokikere.
5 Kanguvalli.
6. Mettinhole.
(Potgi 49—12—0)

2. In 1888, some of the hakdars filed a regular revenue suit in the Court of the General Assistant Commissioner claiming a share in the Shanbhogi of the said ten villages, and subsequently the parties compromised the case among themselves and presented to the Court a rajinama to the effect that the said two ranges might be divided into five and the names of the parties concerned registered as Shanbhogs as specified below. The Court accepted the rajinama and issued a decree accordingly; the proposed sub-divisions being—

Range.	I.	Hosdurga.
Do	II.	Kanguvalli.
Do	III.	Bokikere and Kanavesangenahalli.
Do	IV.	Chennasamudra, Mittinhole and Dasarhalli
Do	V.	Kadtankere, Rangapur and Komarnakanave.

3. The parties having thereupon applied for execution, they were, by an execution order passed by the Assistant Commissioner, put in possession of their respective ranges.

4. As the Potgi amount had to be similarly divided, the Assistant Commissioner referred the matter to this office. The Survey Superintendent was thereupon addressed. He says that it was objectionable to split the Shanbhogi charges once formed by the Survey Department and quotes as his authority the Potgi Rules contained in Government Notification No. 219 of the 27th October 1874, and the late Chief Commissioner's Proceedings No. 6096—14 of 18th September 1877. He further states that such changes in the charges already made involve loss to Government and that in the present case the loss amounts to ten rupees per annum.

5. Either the decree has to be set aside or the Potgi Rules relaxed and sub-divisions ordered as per decree. The latter course would form a precedent for constant applications for sub-divisions of Shanbhog's charges.

6. The records of the original case (No. 3 of 1888—89) together with those of the execution case (No. 2 of 1889—90) are herewith submitted for revision (if need be) under Section 217 of the Revenue Code.

No. 3631-9—CIR. 64, DATED BANGALORE, 15TH JULY 1890.

ORDER THEREON.—Under the circumstances stated, the Government sanction the division of the charges as decreed by the General Assistant Commissioner. But, in future, the charges, once determined by the Survey Department, should not be split or re-arranged without the special sanction of Government.

READ THE FOLLOWING PAPER.—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Dewan of Mysore, No. 149, dated 31st May 1888.

I have the honor to state for the information of the Dewan that the several Nirgantis attached to the Turuvekere Amanikere, Mallaghattada Amanikere, Turuvekere Amrut Mahal Kaval and Puradakere, enjoy service Inam lands as per margin paying Local and Irrigation cesses to Government.

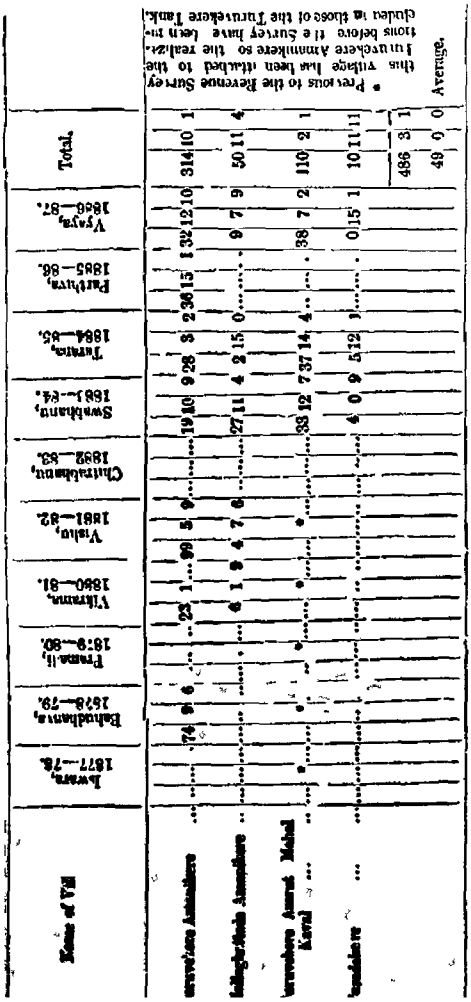
	Extent A	G	Assessment Rs	A	P
1. Turuvekere Amanikere ..	22	7	90	4	0
2. Mallaghattada Amanikere ...	16	19	70	4	0
3. Turuvekere Amrut Mahal Kaval	15	28	60	8	0
4. Puradakere ...	6	15	28	0	0
			219	0	0

2. The system hitherto in vogue with regard to the recovery of quit-rent on the above Inam lands is that out of "Rajpal" or the Government share in the produce of the lands, $\frac{1}{3}$rd is taken by Government, the remaining $\frac{2}{3}$rd being left to the Niragantis. The grain thus levied is sold every year by public auction and the proceeds credited to Government.

3. This system is in my opinion not only bad in principle, but in many respects tedious and troublesome both to Government and the Nirgantis, and it moreover renders the income of Government precarious in consequence of fluctuations in prices of grains.

4. I beg therefore to recommend that the system of grain levy may be converted into a money quit-rent, the data for calculation being given in the marginal statement. The average revenue derived by Government is about 50 rupees per annum and if one-third jodi is imposed it will be 83 rupees. Option may be given to the Niragantis either to pay this jodi or to give up lands bearing an assessment of this amount so that the remainder may be made a full service Inam.

5. The vernacular records connected with the subject are herewith submitted for reference and kind return.



Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 18th July 1890.

No. 3686-95, Cir. 65,—dated Bangalore. 17th July 1890.

Order thereon.—The Government agree with the Deputy Commissioner in thinking that it is desirable that the grain payments made by the Nirgantis should be commuted into money payments, but it does not seem fair to charge a quit-rent of Rs. 83. One-third of the survey assessment, while the actual collections hitherto amounted only to Rs. 49 on the average of 10 years. The Government therefore direct that the following quit-rents be levied in future in lieu of the grain payments:—

	Area.	Assessment.	Quit rent.
(1) Turuvekere Amanikere	22 7	90 4 0	17 12 0
(2) Mallaghattada Amanikere	16 19	70 4 0	13 13 0

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Dewan of Mysore, No. 86, dated Chikmagalur, 27th May 1890.

I have the honor to request to be kindly informed whether under the provisions of para (1) of Section 63 of the Land Revenue Code, the proprietor of a coffee estate may be allowed to erect cooly lines, store buildings, &c., on *assessed* land in his warg adjoining or near his coffee land. Under the additional Rule No. XII published on the authority of Notification No. 461, dated the 25th May 1888, the Deputy Commissioner may at present grant kharab only for this purpose and the area granted is subject to an assessment of Re. 1 or Rs. 1—8—0 per acre.

An application to be allowed to build lines, &c., on the applicant's assessed (not coffee assessment) land has been received in the Chikmagalur Taluk. Under Section 63 (1) of the Land Revenue Code, I think the applicant has power to do so, but solicit the favor of early orders of the Government being obtained on the point.

No. 3883-6—Cir. 69, dated 18th July 1890.

Order thereon.—There is no objection to cooly lines, store buildings, &c., being erected on the assessed lands under the occupation of a coffee planter.

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Government of Mysore, No. 143, dated 30th May 1889.

I have the honor to submit for needful reference and orders, papers ending with Mysore Taluk Amildar's report No 825, dated 12th November last.

2. The question relates to lands particularized below, situated in the village of Ramanahalli in Mysore Taluk.—

Survey No.			Area. A. G			Assessment.
Sub No 1	...	..	1—21	...	...	1—4—0
Sub No 1	...	...	1—30	...	...	2—4—0

These are now registered as Sarkar, and in the names of Manchan Siddi and Nanjana Hutcha, respectively Before the Inam and Survey Settlements, these lands were enjoyed as Inam, in favor of the Virabhadradevaru temple. At the Inam Settlement, the Inam was struck off, for want of proof, but as is apparent from the Amildar's report No. 825, dated 12th November last, from want of representation. For some time, the occupants of these lands paid rent for the benefit of the temple and have latterly ceased to do so, taking advantage of the change in the tenure. The villagers are very keen about the above mentioned temple and its welfare, and in the circumstances detailed in the Amildar's report, it seems that there is prescriptive right. I have the honor to solicit that the lands may be ordered to be registered as Inam, in favor of the temple. As they are, Mari Nanja (the occupant of Sub No. 1, assessed at Rs. 2—4—0) is willing to have the land registered in the name of Deity, even though he is now occupant, under Survey guarantee The other occupant declines. But, if the lands be registered as Inam, there will be no need for changing the tenancy.

No. 3912-20—CIR. 72, DATED 20th JULY 1890.

ORDER THEREON.—From the papers received with the foregoing letter, it appears that the Inam in question, which is shown in the accounts of 1804, was resumed some years ago for reasons not known, and, during the Inam Settlement, it was struck off the Register as the land was not identifiable and the Pagoda had no enjoyment. The Pagoda is in good condition and the villagers wish that the land may be now confirmed as Inam. Under these circumstances, the Government are pleased to sanction its being treated as Inam, and the Inam Superintendent is requested to issue the necessary Title deed. It should, however, be clearly understood that this settlement is not intended to give the Pagoda any right to disturb the possession of the present occupants, who have only to pay the assessment due on the land to the Pagoda instead of to Government.

READ THE FOLLOWING PAPERS :—

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Government of Mysore, No. 28, dated 16th April 1890.

The Deputy Commissioner of Chitaldroog having referred the matter to me, I have the honor to solicit the Government to decide whether lands given as free grazing, but the assessment of which is only temporarily struck off the Akarband, should be considered as coming under Garden Shraya Rules, contained in the Dewan's Proceedings No. 3683-92—98, dated 17th September 1887.

2. I am of opinion that land classed as culturable and the assessment of which is only held in abeyance temporarily should not come under the Shraya Rules in question. It is only in the case of lands temporarily granted as free grazing that this difficulty occurs. Directly such lands are required for cultivation, the original assessment is reimposed. Whilst they are held as free grazing, the assessment cannot be retained in the Akarband.

From the Deputy Commissioner, Chitaldroog District, To the Chief Secretary to the Government of Mysore, No. 117—101, dated 10th June 1890.

His docket No. 1202—26, dated 17th ultimo.

Has the honor to state that the case is as follows:—

2. One Shanbhog Sinappa and Gauda Kariyanna of Gunjaganur in the Holalkere Taluk applied each for two acres of land out of Survey No. 54, which is the village Gomala measuring 12 acres 25 guntas, for planting cocoanut trees under the favorable or shraya terms sanctioned in Government Notification No. 121, dated the 17th September 1887.

3. The Amildar submitted the applications to this office stating that the villagers had no objection to the prayer of the applicants being granted, that the land was "Kharab" and that in the "Faisal Patrik" the following remark had been made against it, *viz*, "Set apart as free pasturage for the village cattle, but if in future the land is required for any other purpose, there shall be no objection to resume it."

4. On this the applications were admitted, and the Survey Superintendent was requested under Clause 2 of Section B of the said Notification to fix the requisite garden rate on the land.

5. This is the case.

No. 4058-65—CIR. 78, DATED 26TH JULY 1890.

ORDER THEREON.—The Rules of 17th September 1887 refer only to "unassessed Government waste land," which, on application, may be granted for garden cultivation on Shraya (kaul) tenure. They were apparently not intended to apply to culturable waste, the assessment of which is only temporarily held in abeyance.

In this view, the applications of Shanbhog Sinappa and Gauda Kariyanna of Gunjaganur in the Holalkere Taluk for the grant on Shraya tenure of a portion of the free pasture land of the village, which is classed as culturable, are inadmissible.

READ :—

Letter from the Deputy Commissioner, Bangalore District, dated 17th December 1889, No. 670, submitting the District Fund Budget for the year 1890—91.

No. 8292-4—396, DATED 2ND JANUARY 1890.

ORDER THEREON.—The receipts for 1890—91 are estimated at Rs. 58,921 against Rs. 61,500, the estimate for 1889—90. The actuals of 1888—89 are not given and it is not explained how the estimate for 1890—91 has been calculated. The Deputy Commissioner is requested to state the details of the receipts estimated, the actuals of 1888—89 under each minor head, the assets upon which the one anna cess has been calculated and the proportions debitable therefrom to District Funds, Village School Fund and Local Funds General. The assets upon which the one anna cess is calculated should correspond with the figures entered under Land revenue, &c., in the Civil Budget for 1890—91.

2. The Civil charges are estimated at Rs. 4,202 against Rs. 4,052 the estimate for 1889—90. The details of the charges are given below :—

				Rs.
1	Establishment in the District Office			240
2.	One fourth share of Taluk contingencies			702
3.	Conservancy during fairs and festivals			50
4.	Medical scholarships			610
5.	Sweepers of Travellers' Bungalows			96
6	Peon to Deputy Inspector of Vaccination			72
7.	Local Fund Dispensaries—			
	(*a*) Establishment and Contingencies...	1,920		
	(*b*) Feeding In-patients ...	150	2,310	
	(*c*) Travelling allowance to Hospital Assistants	240		
8.	Miscellaneous charges			122
			Total Rs ...	4,202

3. As no portion of the Taluk contingencies is now debited to District Funds, item 2 will be struck out.

4. A provision of Rs. 610 only is made on account of Medical scholarships during 1890—91, while under Proceedings, dated 24th December 1887, No. 5832-43—149 a sum of Rs. 660 should have been entered. The estimate under item 4 will therefore be raised by Rs. 50.

Students.		Per Mensem. Rs.

	Total Rs.	380	or Rs. 4,560 per annum.
Fees and travelling allowance on account of 29 College students at Rs. 25 each per annum			= 725
	Grand Total Rs.		5,285
Charge debitable to each District ...			$=660\frac{5}{8}$

5. To item 7, a sum of Rs. 800 will be added on account of the charge allowance to Hospital Assistants provided in Government Proceedings, dated 6th December 1889, No. 7180-90—164.

6. The other items call for no remark

7. Subject to the explanation called for in para 1, the estimates of receipts and charges sanctioned are as follows:—

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 10th July 1890.

Letter from the Deputy Commissioner, Bangalore District, dated 18th March 1890, No. 870, submitting the information called for in regard to the District Fund Budget Estimates of the District for 1890—91.

No. 3011-12—144, DATED 10TH JULY 1890.

ORDER THEREON.—It is explained that the estimated receipts for 1890—91 are estimated not on the actuals but on the jamabandi for 1888—89. The Government observe that according to form W, part II appended to the subsidiary rules framed under Natification No. 110, dated 4th July 1874, the estimate is to be based not upon the jamabandi of the *previous* year but upon the *estimated jamabandi* of the year to which the Budget relates. The collections of Land Revenue must be the same as the jamabandi as any arrears at the end of the year will ordinarily be balanced by the arrears at the beginning of the year. The Deputy Commissioner is therefore requested in future to frame his estimate upon the estimated jamabandi of the year to which the Budget relates. The manner in which the assets have been calculated and the cause of any difference between the estimate of the assets and the figure given in the Civil Budget should be clearly stated.

READ AGAIN—

Proceedings No. 1146-7—23, dated 10th May 1889, sanctioning a revised scale of pensions to the various ranks of the Barr.

READ ALSO THE FOLLOWING LETTERS—

From the Military Secretary to His Highness the Maharaja of Mysore, To the Chief Secretary to the Government of Mysore, No. 645, dated 17th August 1889.

I have the honor to observe that in the scale of pensions sanctioned by the Local Government in Proceedings No. 1146-7—23 of the 10th May last on behalf of the Mysore Infantry, half pay pensions have been sanctioned for all ranks in the Barr Force on the completion of 30 years' service except in the case of the 1st Class Sepoys drawing Rs. 8 per mensem.

2. There are two classes of privates, *viz.*, 1st and 2nd, drawing Rs. 8 and 7 respectively, but as the pension, *viz.*, Rs. 3-8-0 sanctioned in the Proceedings quoted above only refers to the 2nd Class, I beg that this may be brought to the notice of Government and sanction obtained for providing both classes with pensions in accordance with the respective ranks.

From the Military Secretary to His Highness the Maharaja of Mysore, To the Chief Secretary to the Government of Mysore, No. 1146, dated 12th December 1889.

I have the honor to acknowledge receipt of your docket No. 6627—94 of the 20th November last and to state that the fact of there being two classes also in the ranks of the Drummers and Fifers attached to the Barr Force was overlooked when the recommendation (in letter No. 645 of the 17th August last) to increase the pension of the 1st Class Sepoy to four rupees was made. I beg therefore that the pensions of these men may also be regulated in accordance with the pay drawn by them, so that all ranks may be brought on an equality as regards half pay pensions.

No. 3629-30—38, DATED 17TH JULY 1890.

ORDER THEREON.—Ordered that the following Notification sanctioning a revised scale of pensions to the various ranks of the Barr or Mysore Infantry be published:—

NOTIFICATION.

No. 159.—In supersession of Notification No. 37, dated 10th May 1889, the following revised scale of pensions to the various ranks of the Barr or Mysore Infantry is sanctioned:—

1. This half-yearly meeting of the Local Fund Board is convened at the beginning of the year to review the working of the funds during the past year and to consider proposals for utilizing the unexpended balance.

2. The accounts of last year were laid before the Board and approved.

3. The balance on the 1st April 1889 at the credit of the District Funds of the Mysore and French Rocks Circles was Rs. 76,609. Apportioning this balance in the proportion of the receipts of the two Boards as directed in para 3 of the Proceedings of Government No. 9877-80—217, dated 12th February 1890, the closing balance for the Mysore Board is about Rs. 39,000.

4. Mr. Karve, Executive Engineer, submitted a forecast programme for the expenditure of Rs. 89,000 to be carried through in the next five years. He pointed out to the Board that they had Rs. 39,000 in hand and that they might reasonably

expect to have Rs 10,000 a year savings after deducting the usual maintenance and establishment charges. The Board considered the proposals carefully one by one and approved of some of them, but refused to support others, the President pointing out that the Board could not commit themselves to expending all their savings on roads only and that money was required for village sanitation, wells and other objects.

5. The attention of the Board was drawn to para 9 of Government Proceedings No. 9960-72—Cr. 219, dated 12th March 1890, in regard to the excavation of wells for drinking water and it was unanimously resolved to allot Rs. 10,000 towards assisting villagers in improving their drinking water supply.

6. The Amildars and representatives of the different Taluks then laid before the Board the names of the villages which were in urgent need of water.

7. The sinking of the * following wells was then approved of, it being understood that grants are only to be given on each village executing a mutchalika to contribute half the cost of the well either in money or labor.

* *Vide* list appended.

8. To this rule 2 exceptions were admitted for wells to be sunk for travellers by the side of the high road to Hunsur where for a long weary stretch of road there is absolutely no water to be had and travellers suffer accordingly.

9. The above resolution was declared to be urgent and the President was authorized to apply to Government for sanction to take the Rs. 10,000 from the Rs. 39,000 balance and to commence the works at once.

10. The Civil Surgeon then brought to the notice of the Board that though Government had sanctioned furniture for the Dispensaries, the funds allotted for the support of the patients being only Rs. 25 were insufficient especially for Dispensaries like those of Hunsur and Nanjangud.

11. The President pointed out that these Dispensaries were generally in Municipal Towns Eventually it was unanimously agreed by the Board that a grant should be given to the Civil Surgeon of Rs. 100 for the maintenance of patients, it being understood that the Municipalities would be asked to contribute an equal amount.

12. The proposal of the Executive Engineer to keep Rs. 5,000 unallotted for unforeseen expenditure was approved of.

13. Proposals for the establishment of Musafirkhanas at Santemarhalli, Mirle and other places were not approved of as such buildings are provided out of Provincial Funds.

14. The Board which commenced its sitting at 11 o'clock rose at 2-30.

MYSORE DIVISION.

Statement of Original District Fund Works proposed to be undertaken and approved of by the Local Fund Board, Mysore Circle, at its meeting held on the 20th of May 1890.

Number.	Name of Work.	Length in Miles.	Approximate Cost Rs.	Remarks
1	Metalling the first 8½ miles of Yelwal-Hassan Road, and 4½ miles of Sagarkatte-Ramnathpur road	13	13,000	Both these portions make up the Yelwal Sagarkatte road on which traffic is so very heavy as to necessitate its metalling The metal cast will be 4 yards wide and 4" deep.
2	Improving Seringapatam, Sosile-Sivasamudram road	...	5,000	The present irrigation drains in the 23rd and 24th miles of this road consist of rough stones laid dry and are a source of constant trouble during the irrigation season They are therefore proposed to be built "pucka."
3	Improving Mysore, Talkad-Sivasamudram road	...	4,000	Do in the 15th, 16th, 17th and 18th miles do
4	Opening out Saligram-Hadya road	6	5,000	Saligram is a large place with a population of 3,500. The proposed road will connect it with Yedatore on one side and Bettadpur and Fraserpet on the other.

5	Improving Chamrajnagar-Narsipur road	21	30,000	This road passes through black cotton soil for the greater portion of its length. It keeps fair in the dry weather, but in the wet, the surface becomes so very heavy that it is with extreme difficulty that carts go over it. In the interest of traffic therefore which is heavy on this road, it is proposed to first treat the surface with sand and then gravel it. It is also proposed to bridge the difficult drainages on this line.
6	Opening out Chamrajnagar-Yelandur road	16	16,000	This road is very much needed to open out the rich western portion of Chamrajnagar Taluk.
7	Sinking wells	...	8,000	Wells are needed in many places for supplying good drinking water to villages, and also along roads.
8	Improving Hassan, Periyapatna-Cannanore road	...	3,000	Drainage to be improved and bad portions gravelled between Anechaukur and Periyapatna, which action is at present very bad.
9	Provision for unforeseen works	...	5,000	
	Total Rs.....	...	89,000	

Works which were not approved but were allowed to stand over.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 20th July 1890.

No. 3902-11—CIR. 71, DATED 20TH JULY 1890.

ORDER THEREON.—Under the circumstances stated, the Government are pleased to allot Rs. 10,000 for 1890—91 for the excavation of wells in the several Taluks of the Mysore District.

2. It is not stated by whom the works are proposed to be executed. If they are to be carried out by the Revenue authorities, estimates for works costing more than Rs. 200 should be submitted to Government, notifications of sanction being transmitted for works costing less than 200. If they are to be carried out by the Public Works Department, the estimates will be passed by that Department under the rules.

3. In consideration of the inadequacy of the Municipal funds, the Government have decided that the expenditure of feeding in-patients in Local Fund Dispensaries should be wholly debited to District Funds. If the Deputy Commissioner however considers that a portion of the extra allotment proposed to be made by the Local Fund Board for the purpose can be borne by the Municipalities in which the Dispensaries are situated, he should obtain the opinions of the Boards concerned and state what additional sums are required for each Dispensary and how much of it he proposes to debit to the Municipalities.

READ THE FOLLOWING LETTER :—

From the Inspector General of Police, To the Chief Secretary to the Government of Mysore, No. 698—144, dated July 1889.

I have the honor to submit for the consideration of Government the present undesirable state of the relations between the Mysore Municipality and the Police Department in connection with the Town Police which is maintained by the Municipality, with a view to improve the existing unsatisfactory state of things, I submitted for the approval of the Dewan a set of rules in which an endeavour was made to define the respective province of the Municipal Board and of the Departmental authorities in regard to the several matters connected with the maintenance and equipment of the Town Police Force. I have to submit that, since then, matters have by no means improved. The Municipality doubtless have many urgent calls upon their purse, but the equipment and clothing of the Police maintained by them is no less urgent than any other needs which the Municipal Board may have to meet For two years past the grant for the clothing of the Police has not been regularly provided, with the result that sandals have not been issued to them, their clothes were till recently shabby and their turbans are old and worn out It has been brought to my notice that as a consequence of this state of things the Police stations and buildings which require annual repairs have not had sufficient funds set apart for the purpose. There are other drawbacks of a similar nature in regard to details relating to contingencies, reward for good service, secret service funds, batta for men travelling out of Mysore for duty and other matters

2. Having regard to these shortcomings; to the necessity of better and smarter looking clothing for the Police of the capital of the Province and to make provision for some increase of strength owing to the recent extensions of the City, I would beg to propose that as in the case of the Bangalore Town Police, the Mysore Town Police charges may be taken over from the Municipality, and the Municipality may be assigned some other equivalent charges such as Schools, Dispensaries and similar institutions. The need for this transfer has become urgent and I accordingly beg that Government may be pleased to pass early orders in the matter.

No. 4277-80—CIR. 84, DATED 28TH JULY 1890.

ORDER THEREON.—The Government observe that, owing to the insufficiency of funds, they were obliged to disallow several items of expenditure proposed to be incurred in the Municipality of Mysore during 1890—91, as shown in the margin. The President of the Municipality has since explained to the Officiating Dewan personally, that the Police charges provided for in the Budget are likely to prove insufficient, and that, of the works disallowed, some costing about Rs. 13,550 are absolutely necessary. He further stated that the receipts are likely to fall by Rs. 2,700, as the Public Works Department

offer only Rs. 2,300 for the maintenance of Provincial roads while the estimated cost included under receipts as "Contribution" is Rs. 5,000.

Under these circumstances, and on a consideration of the representations made by the Inspector General of Police, the Government resolve to relieve the Municipality of the entire charges of the Police for the current year and to debit the same to the Provincial Funds. The question of permanently relieving the Municipality of the Police charges will be considered hereafter. Meanwhile, the Government direct that the following charges, which are now borne by the Provincial Revenue, be transferred to the Municipality :—

2. The effect of this order will be to relieve the Municipality during the current year of charges amounting to Rs. 15,584 (24,764—9,180), and the Deputy Commissioner will be requested to submit a revised Budget for 1890—91 providing for all expenditure urgently called for. The closing balance should not be less than Rs. 12,000.

READ —

Letter No. 631—145 of the 2nd June 1890 from the Deputy Commissioner of the Kolar District.

With reference to Government Proceedings No. 1265-6—67, dated the 20th ultimo on the subject of the refund of the value of certain general stamp papers to the Secretary of the Sri Lakshmmanayana Kalamdhi Company, Limited, at Chintamani, I have the honor to state that orders have been issued accordingly to the Amildar of the Taluk in the matter.

2. The order under acknowledgment which directs the deduction of one anna in the rupee being made on the aggregate value of the stamps produced, seems to have been based on the ruling contained in the Madras Revenue Board's Proceedings, 15th December 1882, No 3124 quoted at page 142, Part II of the Inter-Presidential Stamp Manual under Act I of 1879 by the late Ponnuswami Chettiyar, but by the procedure observed in this District is calculated on the value of each stamp in accordance with the more recent decision embodied in the Punjab Special Circular No. 5 of 1884 cited lower down at the aforesaid page of the Manual under reference.

3. I beg therefore to be kindly instructed for future guidance whether the Government Order for deducting the discount on the aggregate value of the stamps is to be considered specially applicable to the present case by reason of the unusually large number of papers produced, or whether the same is to be adhered to in all cases.

4. I have already in a similar case at Bagepalli issued orders for deductions of the discount on the value of each stamp.

No. 4083-92—CIR. 79, DATED 29TH JULY 1890.

ORDER THEREON —The Government are of opinion that in refunding the value of spoiled or misused stamps under Clause (*c*) Section 53 of the Indian Stamp Act I of 1879, the deduction should be made on the aggregate value of the stamps produced of each description, and not with reference to the value of each stamp.

2. The deduction is made with a view to recover the cost of paper and is not intended to operate as a fine.

Under-Secretary.

No. 5607-18—CIR. 118, DATED 13TH JULY 1890.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the minor Municipalities of the Mysore District, exclusive of those of the French Rocks Sub-Division for the year 1890—91.

Hunsur.

2. The income of this Municipality for 1890—91 is estimated at Rs. 2,102 against Rs. 2,399, the actuals of 1888—89 as shown in the margin.

	1888—89 Actuals	1890—91 Estimates.
I. Octroi ...	439	430
II. Tax on houses	4[illegible]9	447
VII Mohatarfa ...	607	553
X. Miscellaneous ..	864	672
Total Rs.....	2,399	2,102

3. *II. Tax on houses and VII. Mohatarfa.*—The small decrease under these heads is stated to be due to the "Actuals for 1889—90" having included a small portion of the arrears of the previous years collected during the year. The actual collections of 1889—90 are not known but the probable collections of that year under House Tax, are stated to be Rs. 404, and of those under Mohatarfa, to be Rs. 509. It is not explained why the probable collections of 1889—90 are less than the actuals of 1888—89. The omission should be supplied. Meanwhile the estimates for 1890—91 will stand.

4. The Deputy Commissioner does not explain whether the estimate under Mohatarfa includes the extra collections at 4 annas on each rupee referred to in the docket, dated 30th April 1890, No. 107. If it includes, the amount should be stated so that it may be transferred to "X Miscellaneous (*m*) Contributions," and if it does not include, a separate estimate should be submitted.

5. *X. Miscellaneous.*—The decrease under this head is chiefly in "(*g*) Sale of Manure." During 1888—89 Rs. 269 were realized from this source, but the estimate for 1890—91, which is based on the probable collections of 1889—90, is entered at Rs. 80 only. The cause of the decrease in the probable collections of 1889—90 and 1890—91 should be stated. Meanwhile the estimate will stand.

6. No estimate is entered under "X Miscellaneous (*m*) Contributions" on account of the Provincial roads passing through the Municipal Town referred to in his docket, dated 27th March 1890, No. 1117. Rs. 150 will be inserted on that account.

7. The income of the Municipality as now sanctioned amounts to Rs. 2,252. Adding to this, the actual balance of Rs. *6,105 outstanding on 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 8,357, of which Rs. 7,088 are proposed to be expended, leaving a balance of Rs. 1,269 at the end of the year.

	Total Rs	1,693	5,263	7,088

*Given in Deputy Commissioner's docket, dated 7th June 1890, No. 293

8 *III. Collections.*—The percentage remuneration payable to the agency collecting the octroi duty, which is estimated to yield Rs. 430 during 1890—91, is entered as Rs. 30, while the amount that ought to be entered at the authorized rate of 5 per cent, comes to only Rs 21½. The Deputy Commissioner states that the explanation for this increase will be submitted on receipt of information called for from the Amildar. The explanation will be awaited. Meanwhile the estimate will stand.

9. *IV. Conservancy.*—The estimate under this head represents the charges sanctioned and is passed. The increase in the estimate for 1889—90 is due to the provision made for certain unadjusted charges of the previous year.

10. *V. Police.*—The new provision of Rs. 447 entered for 1890—91 is on account of the Municipal *Police sanctioned to be entertained in view to relieve the town's people from their obligation to do patrol duty during nights. This is in accordance with the Government Proceedings, dated 6th December 1889, No. 693-9—424 and is passed.

	Cost per annum
*4 Constables at Rs 6 each per mensem ...	288
1 Daffadar at Rs. 8 ...	96

Total Rs	447

11. *VII. Lighting.*—The estimate for 1889—90 included provision for the purchase of new lamp posts, while the estimate for 1890—91 does not include any such provision. Hence the decrease. The estimate will be passed.

12. *VIII. Public Works.*—The provision under this head consisting of the marginally noted items is passed.

1	(*a*) Repairing Municipal roads ...	800
	(*b*) Do Provincial roads ...	150
(2)	Drainage of the Town ..	2,500
(3)	Constructing Market ...	500

(5)	Do Dust bins ...	200
(6)	Repairing bathing ghats ...	200
(7)	Reserve	50
	Total Rs.....	4,200

13. *IX. Charitable Grants.*—The current year's provision under this head consists of the usual ½ cost of the Dispensary charges and the two items noted in the margin which have been already sanctioned by Government. The estimate is approved.

(1)	Allowance sanctioned to Hospital Assistant	40
(2)	Moiety cost of Midwife's pay ...	90
	Total Rs.....	130

14. *X. Education.*—The current year's *provision under this head is stated to include Rs. 27 on account of the increased rate of pay proposed to be given to the Pupil Teacher promoted as Assistant Master, as per Proceedings, dated 13th August 1887, No 625 (Educational Department). The estimate is passed.

		Total Rs		333

15. *XI. Miscellaneous.*—The decrease under this head is chiefly in "(*h*) Other Items," under which a sum of Rs 150 only is entered for 1890—91, while for the past year Rs. 350 were provided. The cause of the decrease is not explained. The estimate will however be sanctioned.

Chamrajnagar.

16. The income of this Municipality for 1890—91 is estimated at Rs. 589 against Rs. 503 the actuals of 1888—89.

	Actuals 1888—89	Estimates 1890—91.
II. Tax on houses .	193	254
VII. Mohatarfa ...	254	303
IX. Fines ..	1	2
X. Miscellaneous .	55	30
Total Rs . ..	503	589

17 *II. Tax on Houses and VII. Mohatarfa.*—The increase under these heads is due to the arrears of previous years expected to be collected during the year 1890—91. The estimates are approved.

18. *X. Miscellaneous.*—The decrease under this head, which is chiefly in "(*d*) Pounds" is stated to be due to the actuals of 1888—89, having included the sale proceeds of cattle, under which no income is expected during this year. From the Deputy Commissioner's docket, dated 27th March 1890, No. 1117, there appears to be a Provincial road running through the town and that the maintenance allowance payable therefor is Rs. 45. But no sum is entered under Receipts "X. Miscellaneous (*m*) Contributions," nor any provision made for its maintenance under Expenditure. The omission should be supplied. Meanwhile the estimate will stand.

19. Including the opening balance of Rs. 2,961 outstanding on the 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 3,550, of which Rs. 3,130 are proposed to be expended, leaving a balance of Rs. 420 at the end of the year.

II. Head Office	27	37	32

VII. Lighting	...	208	480
VIII. Public Works	194	3,365	1,770
IX. Charitable Grants	...	214	254
XI. Miscellaneous	...	60	210
Total Rs.....	373	4,286	3,130

20. *II. Head Office and IV. Conservancy.*—The decrease under these heads compared with the sanctioned estimates for 1889—90 is due to the inclusion of Rs. 5 and 20 respectively in the estimates for that year on account of the unadjusted charges of the previous year. The estimates which are in accordance with the sanctioned scale are passed. The Government however note that the estimates under IV. Conservancy sanctioned for 1889—90 was Rs. 404 and not Rs. 208 as entered in the Budget Statement No. 1.

21. *VII. Lighting.*—The provision under this head, which is for the purposes specified in the margin, is approved. The increased provision under cost of Lighting is apparently due to the increase in the number of lamp-posts.

		1890—91.	1889—90.
(1)	Mashalchi ...	48	48
(2)	Cost of lighting 10 lamps at 1 Re each per month ...	120	60
(3)	Purchase of 10 lamp posts ...	300	100
(4)	Other minor charges	12	...
	Total Rs. ..	480	208

22. *VIII. Public Works.*—The provision under this head, consisting of the following items, is passed.—

(1)	Repairing roads	350
(2)	Constructing drains	1,370
(3)	Repairing do	50
	Total Rs.. ...	1,770

23. *IX. Charitable Grants.*—The increase over the sanctioned scale for 1889—90 is due to the provision newly made on account of the Municipal share of the charge allowance to the Hospital Assistant sanctioned in Proceedings, dated 6th December 1889, No. 7180-90—164. The estimate is approved.

24. *XI. Miscellaneous.*—The increase compared with the sanctioned estimate for 1889—90 is due to the provision of Rs. 200 against Rs 50 in 1889—90 made under "(*h*) Other Items" in the budget for 1890—91 on account of any charges which may have to be incurred when distinguished persons visit the Khaddah. The Government consider that the provision made is excessive and will be reduced to Rs. 100.

25. The income of this Municipality for 1890—91 is estimated at Rs. 427 against Rs. 536 the actuals of 1888—89.

		Actuals 1888—89.	Estimates 1890—91.
II.	Tax on houses ...	261	200
VII.	Mohatarfa ...	212	170
X.	Miscellaneous ...	63	57
	Total Rs....	536	427

26. *II. Tax on Houses and VII. Mohatarfa.*—The actuals of 1888—89 under these heads are stated to include portions of arrears of previous years collected in that year, while no such outstandings are expected to be realized during 1890—91. Hence the decrease in the estimates which are sanctioned.

27. Including the actual balance of Rs. 2,540 outstanding on 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 2,967, but the proposed charges amount to Rs. 3,035 or Rs. 68 in excess of the available assets The charges have therefore to be reduced.

IX.	Charitable grants	...	112	152
XI.	Miscellaneous ...	50	40	70
	Total Rs...	263	1,507	3,035

28. *II. Head Office.*—The provision for 1889—90 included Rs. 4 on account of the unadjusted charges of the previous year, while that for the current year

consists only of the proportionate share of the cost of the District Office Municipal Clerk payable by the Municipality. Hence the decrease under this head compared with the previous year's estimate. The estimate is passed.

29. *IV. Conservancy.*—The sanctioned charges under this head amount to *Rs. 180. In 1889—90 Rs. 30 were added to meet the unadjusted charges of the previous year, while in the current year provision is made for the entertainment of two additional Sweepers at Rs. 6 each per mensem, which involves a net increase of Rs. 114 over the sanctioned estimate for 1889—90. The Government observe that the usual charges of this Municipality amount to Rs. 488 (allowing only Rs. 100 on account of the maintenance of the existing roads and drains under VIII Public Works), while the annual income falls short of this sum by Rs. 61. With this financial condition, it is impossible to sanction the increase proposed. The cost of the existing establishment alone will be inserted and the estimate reduced to Rs. 180.

		Total Rs.....	488

30. *VIII. Public Works.*—The marginally noted works are proposed to be carried out during 1890—91. As the proposed charges exceed the sum available for expenditure, the provision made for drains will be reduced from Rs. 1,000 to Rs. 950, and the other items allowed to stand.

(1)	Repairing roads ...	...	250
(2)	Constructing drains	...	1,000

31. *IX. Charitable Grants.*—A provision of Rs. 40 is now made to meet the Municipal share of the allowance sanctioned to the Hospital Assistant in charge of the Local Fund Dispensary. Hence the increase under this head over the sanctioned estimate for 1889—90. The estimate is passed.

32. *XI. Miscellaneous.*—The increase under this head compared with the sanctioned estimate for 1889—90 is due to the enhanced provisions made under the heads noted in the margin. The estimate is passed.

34. *VII. Mohatarfa.*—The increase under this head is stated to be due to the increase in the number of shops and carts in the town. The estimate is passed.

35. The decrease under the other heads calls for no remark.

36. Including the opening balance of Rs 501 outstanding on 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 752, of which Rs. 321 are proposed to be expended, leaving a balance of Rs 431 at the end of the year.

Hence the decrease on the estimate, which is approved.

41. Including the opening balance of Rs. 1,604 outstanding on the 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 1,877, of which Rs. 941 are proposed to be expended, leaving a balance of Rs. 936 at the end of the year.

42. *II. Head office and IV. Conservancy.*—The estimates under these two heads are according to the sanctioned scale, while those for 1889—90 included unadjusted charges of 1888—89 and the cost of a wheel barrow. Hence the decrease. The estimates are passed.

43. *VIII. Public Works.*—The expenditure of Rs. 800 proposed under this head is for the construction of a musafarkhana in the town. The estimate is sanctioned. Considering the balance on hand, a further provision of Rs. 800 may be made under this head and the Deputy Commissioner is requested to submit his proposals accordingly for some works calculated to promote the sanitation of the town or otherwise useful to the inhabitants.

45. *II. Tax on Houses.*—The increase under this head is due to the expected collections of the arrears of the previous years. The estimate is passed.

46. *VII. Mohatarfa.*—The actuals are stated to include the arrears of previous years collected during 1888—89, while the estimate for 1890—91 does not include such arrears. The estimate is passed.

47. The decrease under X. Miscellaneous, which is chiefly in "(*a*) Sale of houses and lands," is due to the limited demand for building sites. The estimate is passed.

48. Including the actual balance of Rs. 8,067 outstanding on the 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 9,209, of which Rs. *7,908 are proposed to be expended, leaving a balance of Rs. 1,301 at the end of the year.

49. *II. Head Office.*—The sanctioned estimate for 1889—90 included the unadjusted charges of the previous year, which accounts for the decrease in the provision for 1890—91. The estimate is passed.

50. *IV. Conservancy.*—The sanctioned scale of charges amounts to Rs. *492. During 1890—91 the pay of one Sweeper is proposed to be increased from Rs. 5 to 6 and one Sweeper and one Peon on a salary of Rs. 6 each are proposed to be newly employed. This increase cannot be sanctioned as the present ordinary expenses are even more than the ordinary receipts. The estimate will be reduced to Rs. 492. If the Municipality wants any temporary establishment, the cost of which can be met from the balance on hand, the Government will be prepared to sanction it.

51. *VII. Lighting.*—Lighting is proposed to be newly introduced into this town and a provision is made for the purchase of 10 lamps and the cost of lighting as shown in the margin. Before sanctioning the estimate, the Deputy Commissioner will be requested to report whether the receipts of the Municipality will always be sufficient to meet the cost of lighting 10 lamps. Supposing that at least Rs. 500 will be required for the ordinary repairs of roads and drains, the * expenditure exclusive of the cost of lighting is more than the receipts.

52. *VIII. Public Works.*—The provision of Rs. 6,300 made under this head includes an item of Rs. 4,800 for improving the water supply of the town by bringing water in pipes from Vijapur Tank now under repairs by the Public Works Department. The provision will be retained, subject to the sanction of the works in the Public Works Department. The Deputy Commissioner is requested to report how he proposes to meet the cost of the maintenance of water works when completed.

55 The income of this Municipality for the year 1890—91 is estimated at Rs. 3,145 against Rs. 2,316 the actuals of 1888—89.

	Actuals 1888—89.	Estimates 1890—91.
I. Octroi ...	1,047	1,320
II. Tax on houses ...	408	600
VII. Mohatarfa ...	455	840
X. Miscellaneous ...	406	385
Total Rs.....	2,316	3,145

56. *I. Octroi.*—The increase under this head is stated to be due to the general improvement in the collections since the appointment of an Octroi Mutsaddi and a Peon provisionally sanctioned in para 3 of Proceedings, dated 22nd October 1888, No. 4905-17—146. The estimate is sanctioned. The total of actuals of 1888—89 as per details entered in the Statement No. I comes to Rs. 1,097 and not Rs. 1,047 as therein entered.

57. *II. Tax on Houses and VII. Mohatarfa.*—The increase under these heads is stated to be due to the arrears expected to be realized during 1890—91. The estimates are approved.

58. *X. Miscellaneous.*—The decrease under this head is small and calls for no remark. From Deputy Commissioner's docket, dated 27th March 1890, No. 1117, there appears to be a Provincial road running through the town and that the maintenance allowance payable therefor is Rs. 53. But no sum is entered under Receipts "X Miscellaneous (*m*) Contributions" nor any provision made for its maintenance under Expenditure. The omission should be supplied. Meanwhile the estimate will stand.

59. Including the balance of Rs. 15,102 outstanding on 1st April 1890, the sum available for expenditure during 1890—91 is Rs. 18,247, of which Rs. 12,944 are proposed to be expended, leaving a balance of Rs. 5,303 at the end of the year.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 15th July 1890.

60. *II. Head Office.*—The sanctioned charges under this head amount to Rs 96, which are provided for 1890—91. In the past year, the unadjusted charges, Rs. 15 of the previous year were included under this head. Hence the decrease in the estimate, which is sanctioned.

61. *III. Collections.*—The provision under this head includes a new item of Rs. 56 proposed to be paid to the agency employed in collecting mohatarfa at 2 per cent on the collections. The Government observe that this tax should be collected by the village servants whose Potigi remuneration is fixed in consideration of the trouble of collecting the tax. The item will be struck out.

62. *IV. Conservancy.*—The details of the provision under this head compared with that sanctioned for 1889—90 are given in the margin. The increase of pay and establishment proposed are stated to be necessary in view to the extensive sanitary works which have to be undertaken for the prevention of cholera in this town, which is a place of pilgrimage and much frequented by people from several parts of the country. The proposed entertainment of one Dafadar on Rs. 8 and 7 Sweepers and the increase of pay to the existing 8 Sweepers as well as the hiring of an additional cart are sanctioned and the estimate is approved.

	1889—90.	1890—91.
(1) Dafadar	... 0	1 at Rs. 8 = 96
(2) Male Sweeper	8 at Rs. 5=480	9 at Rs 6 =648
(3) Female Sweeper	4	6 at Rs 5 =360
(4) Hire of Cart	2 at Rs 11=264	3 at Rs. 11 =396
(5) Unadjusted charge of the previous year	... 201	0
(6) Purchase of mamties	... 30	0
	Total Rs. 975	1,500

63. *VII. Lighting.*—The provision under this head consists of the cost of 26 new lamp-posts at Rs. 30 each and of lighting 30 lamps at Rs. 1—8—0 each per lamp per mensem. The amount required for these two items at the rates given comes to Rs. 1,320, *i. e.* (Rs. 540 for lighting 30 lamps and Rs. 780 for new lamp-posts) and not Rs. 1,400 as entered in the Budget. The estimate will, therefore, be reduced to Rs. 1,320.

	1889—90.	1890—91.
(1) Lamp lighter	...1 at Rs. 3 36	600
(2) Oil, wick, &c.	... 60

64. *VIII. Public Works.*—The details of the provision under this head are given in the margin. For the execution of large sanitary works to be carried out during 1890—91, it is proposed to employ a qualified Supervisor on a salary of Rs. 25 per mensem for the supervision of these works. The employment of the proposed Supervisor is sanctioned temporarily for one year, and the provision made to meet the cost of his pay and of works is approved.

(a) Supervision establishment—Supervisor newly proposed ...	300
(1) Repairing roads	500
(2) Drainage	3,500
(3) For a trench to be extended ...	600
(4) Repairs to drains	200
(5) Construction of latrines ...	2,000
(6) Do dust-bins ...	400
(7) Compensation	1,000
(8) Reserve	300
Total Rs.	8,500

65. *IX. Charitable Grants.*—The increase under this head is due to the provision newly made to meet the Municipal share of the allowance sanctioned to the Hospital Assistant. The estimate is approved.

66. *X. Education.*—The provision under this head, which is the same as that sanctioned for 1889—90, is on account of the grant-in-aid paid by the Municipality to the Wesleyan Mission School in the town. The estimate is sanctioned.

67. *XI. Miscellaneous.*—The provision under this head is for the following :—

	1889—90	1890—91.
(1) Rewards to dog and snake killers	20	20
(*b*) Fairs and Festivals	0	250
(*c*) For unforeseen expenses	150	300
Total Rs.	170	570

The Deputy Commissioner is requested to explain why no cost was incurred for fairs and festivals in the previous years, and why the charge has now become necessary. The estimate will be retained for the present. The provision for unforeseen expenses is excessive and will be reduced to Rs. 150.

Tirumakudlu-Narsipur.

68. The income of this Municipality for 1890—91 is estimated at Rs. 316 against Rs. 359 the actuals of 1888—89.

	Actuals. 1888-89.	Estimate. 1890—91.
II Tax on houses ..	148	120
VII Mohatarfa ...	167	129
X. Miscellaneous .	44	67
Total Rs ...	359	316

69 *II. Tax on Houses and VII Mohatarfa.*—The decrease under these heads is stated to be due to the "Actuals of 1889—90" having included the outstandings of previous years collected during that year. The actuals of 1889—90 are not given, but the probable collections of that year are stated to be Rs. 140 under House Tax, and Rs 132 under Mohatarfa. It is not clear why the estimates for 1890—91 are made even less than these amounts and why the collections of 1889—90 were less than the actuals of 1888—89. This should be explained. Meanwhile the estimate will stand.

70. X. *Miscellaneous* —The increase under this head is chiefly in "(*n*) Other items", of which the details are not given. The estimate is passed.

71. Including the actual balance of Rs. 3,837, the sum available for expenditure during 1890—91 is Rs. 4,153, of which Rs. 3,309 are proposed to be expended, leaving a balance of Rs. 844 at the end of the year.

72. *II. Head Office and IV. Conservancy.*—The estimates sanctioned for 1889—90 included Rs. 10 and 8 respectively for the adjustment of the charges of the previous year not paid within that year, while in the current year there are no similar charges to be provided for. Hence the decrease in the estimates which are sanctioned.

73. *VIII. Public Works.*—The works proposed to be executed during 1890—91 are shown in the margin. It is not stated why a contribution is proposed for the construction of the Dispensary building, while the Municipality makes no contribution whatever towards the maintenance of the Dispensary. The provision will be struck out.

(1) Repairing	200
(2) Constructing drains ...	600
(3) Do latrines ...	200

74. The constitution of this Municipality was sanctioned in Proceedings, dated 28th August 1889, No 4229-30—263. No actuals of 1888—89 are therefore given in the Budget Statement No. I.

75. The income of this Municipality for 1890—91 is estimated at Rs. 410 against Rs. 400 the *sanctioned estimate for 1889—90. The estimate is fair and calls for no remark.

	Estimate

*Proceedings, dated 3rd February 1890, No. 8390-1—536.

76. Including the actual balance of Rs. 185 in favor of this Municipality on 1st April 1890, the sum available for expenditure during 1890—91 is Rs 595, out of which Rs. 156 are proposed to be expended, leaving a balance of Rs. 439 at the end of the year. The charges which consist of only one item do not call for remark.

	1888—89.	1889—90
IV. Conservancy	156	156.

77. The Deputy Commissioner is requested to furnish a statement showing the number of lamp-posts in each Municipality, and the cost of lighting each lamp, an information which is not furnished in the Budget Statements.

78. With these remarks and subject to the explanations called for, the Budget Estimates of the several Minor Municipalities of the Mysore District, excluding those of the French Rocks Sub-Division, are sanctioned as shown in the accompanying Appendices A, B and C.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 15th July 1890.

READ THE FOLLOWING PAPER:—

Docket from the Deputy Commissioner, Shimoga District, dated 15th March 1890, No. 757—704.

No. 5401-13—CIR. 113, DATED 15TH JULY 1890.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Shimoga District for the year 1890—91.

SHIMOGA.

2. The income of this Municipality for 1890—91 is estimated at Rs. 13,785 against Rs. 17,709, the actuals of 1888—89.

		Actuals. 1888—89.	Estimate. 1890—91.
I.	Octroi	5,587	5,300
II.	Tax on houses	4,362	3,820
VII.	Mohatarfa	2,000	3,580
VIII.	Rents	189	180
X.	Miscellaneous	5,571	905
	Total Rs.....	17,709	13,785

3. *I. Octroi.*—The decrease under this head is explained to be due to the fluctuating nature of trade in the several articles brought under taxation. The estimate, which is based upon the probable collections of the year 1889—90, is passed.

4. *II. Tax on houses and VII. Mohatarfa.*—The explanation furnished for the variations under these heads is not clear. The present estimates are stated to have been "based on the Jamabandi of the year 1888—89, as the Jamabandi for 1889—90 is not complete." This does not account for the difference between the actuals and the estimates. The probable collections of 1889—90 amounted to Rs. 4,129 under Tax on houses and to Rs. 3,198 under Mohatarfa. It is not stated why the estimate under the former is less and that under the latter more, than the probable collections The Deputy Commissioner is requested to explain the matter. Meanwhile the estimate will stand.

	Actuals. 1888—89.	Probable collections 1889—90.	Estimate for. 1890—91.
II. Tax on houses	4,362	4,129	3,820
VII. Mohatarfa	2,000	3,198	3,580

5. X. *Miscellaneous.*—The decrease under this head is the result of a gross decrease of Rs. 5,046 and of a gross increase of Rs. 380 in the items specified in the margin. The decrease in (*b*) is due to the loan advanced by Government to the Municipality during 1888—89 under Proceedings dated 21st December 1888, No. 6043-4—166, no similar receipt being expected during the year 1890—91. The increase in "(*m*) Contributions" has not been explained; and it is not also stated whether the estimate

includes the allowance payable by the Public Works Department for the maintenance of the District Fund roads recently transferred to the District Head-quarter Municipalities in accordance with the Public Works Department Circular dated 20th December 1889, No. 97—98. The Deputy Commissioner is requested to explain the matter. The estimate under "(*n*) Other items" is stated to include the items noted in the margin. The amounts under item 2 should go under "Octroi." The Deputy Commissioner is, therefore, requested to state its amount. Meanwhile the estimate will stand.

(1) Rents on goods kept in the Sayerkatte, before their removal by the owners
(2) "Extra duty recovered on smuggled goods".
(3) Other Miscellaneous

6. Including the opening balance of Rs 2,932, the sum available for expenditure during 1890-91 is Rs 16,717, of which Rs 16,220 are proposed to be expended, leaving a balance of Rs 497 at the end of the year.

	Actuals 1888—89	Estimate, 1889—90	Estimate, 1890—91
II. Head Office	326	327	337
III. Collections	567	882	882
IV. Conservancy	6,929	6,340	7,288

VII. Lighting	405	484	700
VIII. Public Works	7,568	2,820	4,685
IX. Charitable Grants	600	600	600
XI Miscellaneous	678	1,691	1,728
Total Rs ..	20,725	16,510	16,220

7 *II Head Office*—The increase under this head is due to the provision of Rs. 25 made on account of office contingencies, against Rs. 15, the sanctioned estimate for 1889—90. The necessity for this increase has not been explained. The estimate will not, however, be disturbed.

8. *IV. Conservancy.*—The increase under this head compared with the sanctioned estimate for 1889—90, is due to the provision made for 3 additional scavengers at Rs. 7 each per mensem, required for the conservancy of the Barr Lines recently transferred to the Municipality and for 4 Jail guards at Rs. 7 each to watch the convicts, who are likely to be secured for Municipal work in the year 1890—91, as well as for the hire of two additional carts at Rs. 15 each per mensem. The Government observe that the usual charges of the Municipality amounts to Rs. 14,106, while the annual income falls short of this sum by Rs. 321. With this financial condition, it is impossible to sanction the additional establishment proposed. Considering, however, the necessity for additional establishment, the Government sanction the employment of one additional scavenger and two guards at Rs. 7 each. The estimate for 1890—91 will thus be (Rs. 6,340 + 252) Rs. 6,592.

IX. Charitable Grants ...	600
XI. Miscellaneous ...	1,728
Total Rs... ..	14.106

9. *V. Police.*—The omission of the estimate under this head is due to the Municipality having been relieved of the Police charges altogether, under Government Proceedings dated 19th October 1889, No. 661—62.

10. *VII. Lighting.*—The increase under this head is due to the provision of Rs. 216 made for 5 new lamp-posts proposed to be purchased during 1890—91. Owing to the insufficiency of funds, the provision for new lamp-posts will be struck out and the sanctioned estimate for 1889—90 will be repeated for 1890—91.

11. *VIII. Public Works.*—The provision under this head consists of the marginally noted items. Considering the insufficiency of funds, the Government are not prepared to sanction at present, the provision of Rs 1,000 made for parapet wall around the well in the Park and for contribution for the construction of a chattram. The estimate sanctioned under this head will be reduced to Rs. 3,685.

Total Rs....	1,018	1,366	2,600

18. *IV. Conservancy*—The small decrease under this head compared with the sanctioned estimate for 1889—90 is due to no provision having been made for repairing carts and to the reduced estimate for feed of cattle. The estimate is passed

19. *VIII. Public Works*—The provision under this head consisting of the marginally noted items is sanctioned. The Deputy Commissioner is however requested to state the necessity for the construction of a well at such a large outlay as Rs 1,483.

Repairing roads ...	100
Constructing a well ..	1,483
Reserve ...	91
Total Rs. ...	1,674

20 *IX. Charitable Grants.*—The increase under this head is due to the provision newly made on account of the Municipal share of the charge allowance sanctioned to the Hospital Assistant, attached to the Local Fund Dispensary, in Government Proceedings, dated 6th December 1889, No. 7180 90—164. The estimate is approved.

21. *XI. Miscellaneous*—The decrease under this head which is chiefly in "(*h*) Other items," is due to no provision having been made on account of the purchase of plants, under which Rs. 20 were provided in 1889—90. The estimate is passed

HONNALI.

22. The income of this Municipality for 1890—91 is estimated at Rs. 1,167 against Rs 1,183, the actuals of 1888—89.

23. *I Octroi.*—The estimate which is based on the probable collections of 1889—90 is approved.

24. *VIII. Rents.*—The new estimate under this head represents the income expected to be derived from the Municipal Garden and is sanctioned.

25. The other items call for no remark.

26. Including the opening balance of Rs. 2,277, the sum available for expenditure during 1890—91 is Rs. 3,444 of which Rs. 3,111 are proposed to be expended, leaving a balance of Rs. 333 at the end of the year.

(9)	Filling manure pits ...	50
(10)	Reserve	50
	Total Rs....	2,128

28. *IX. Charitable Grants.*—The increase under this head is due to the provision newly made on account of the Municipal share of the charge allowance sanctioned to the Hospital Assistant in charge of the local Dispensary. The estimate is approved.

29. *X. Education.*—The estimate under this head is according to the sanctioned scale, while that for 1889—90 included the cost of maps and furniture proposed to be purchased during that year. Hence decrease in the estimate which is passed.

NYAMATI.

30. The receipts of this Municipality for 1890—91 are estimated at Rs. 1,393 against Rs. 1,567, the actuals of 1888—89.

(3)	Do well ...	350
(4)	Improving Chikeri Tank and constructing stone steps ...	2,500
(5)	Reserve	50
	Total Rs.....	4,900

35. *X. Education.*—The decrease compared with the sanctioned estimate for 1889—90 is due to a smaller provision made for 1890—91 on account of purchase of maps and furniture. The estimate is passed.

SHIKARPUR.

36. The income of this Municipality for 1890—91 is estimated at Rs. 1,461 against Rs. 1,571, the actuals of 1888—89.

	Octroi ...	331	210
II.	Tax on houses	511	510
VII	Mohatarfa	527	522
X.	Miscellaneous	202	219
	Total Rs.....	1,571	1,461

37. *I. Octroi.*—This estimate, which is based on the probable collections of 1889—90, is approved. The decrease in the collections however is too large to be accounted for by the ordinary fluctuation in the trade and requires explanation.

38. The variations under other items call for no remark.

39. Including the opening balance of Rs. 750, the sum available for expenditure during 1890—91 is Rs. 2,191, of which Rs. 1,825 are proposed to be expended, leaving a balance of Rs. 366 at the end of the year.

XI.	Miscellaneous ..	119	246	188
	Total Rs.. ...	1,628	2,153	1,825

40. *IV. Conservancy.*—During 1889—90 provision was made for the hire of 2 rubbish carts at Rs. 15 each per mensem, while for 1890—91 only one cart is proposed to be hired. Hence the decrease in the estimate compared with the sanctioned charges for 1889—90. The estimate is approved.

41. *VIII. Public Works.*—The provision under this head consisting of the marginally noted items is passed.

(1)	Repairing Town roads ..	70
(2)	Constructing a filter well	100
(3)	Repairing wells ...	25
(4)	Do cattle pounds	20
(5)	Reserve	25
	Total Rs.....220	

42. *IX. Charitable Grants.*—During 1889—90, provision (Rs. 40) was made for the Malnad allowance, while for 1890—91, this has been omitted and in lieu thereof a sum of Rs. 60 is entered on account of the charge allowance sanctioned to the Hospital Assistant attached to the Local Fund Dispensary in the Town. This is in accordance with Proceedings of Government, dated 6th December 1889, No. 7180-90—164. The estimate is sanctioned.

43. *XI. Miscellaneous.*—The decrease under this head is in (*b*) Rewards and (*h*) Other items as shown in the margin. The estimate is passed.

45. *VII. Mohatarfa.*—The estimate, which is based on the jamabandi, is sanctioned.

46. *X. Miscellaneous.*—The increase is chiefly in "(*a*) Sale of houses and lands" and "(*g*) Sale of manure." The former is explained to be due to the increased demand for house sites and the latter to the sale of manure accumulated for some time past. The estimate is sanctioned.

(*a*)	Sale of houses	...	31
(*g*)	Do manure	...	40
Total Rs	....		71

47. Including the opening balance of Rs. 2,062, the sum available for expenditure during 1890—91 is Rs. 3,352, of which Rs. 3,000 are proposed to be expended, leaving a balance of Rs. 352 at the end of the year.

Total Rs.....1,163	1,150	1,706	

53. *IV. Conservancy*—The decrease compared with the sanctioned estimate for 1889—90 is the result of a gross decrease of Rs. 80 and of a gross increase of Rs. 12 in the items specified in the margin. It is not explained why the services of a Sweeper are proposed to be discontinued, but the increase of pay to the Taluk Gumasta which was disallowed last year, is stated to be necessary on the grounds that some difficulty is experienced in carrying out the Municipal work and that the Amildar and Members strongly recommend it. The Government sanction the proposal.

Decrease	
1 Sweeper on Rs. 5 ...	60
2. Repairing carts ...	20
Total Rs 80	
Increase.	
3. Allowance to Taluk Gumasta again proposed	12

54. *VIII. Public Works.*— The details of the provision under this head are given in the margin. The estimate is passed.

(1) Repairing Town roads	250
(2) Constructing drains	50
(3) Do flight of steps	400
(4) Reserve ...	250
Total Rs . . .950	

55. *IX. Charitable Grants*—During 1889—90 provision (Rs. 40) was made for one-third cost of the Malnad allowance, while for the current year this has been omitted and the Municipal share (Rs. 60) of the charge allowance already sanctioned to the Hospital Assistant attached to the local Dispensary is inserted instead. Hence increase under the head. The estimate is approved.

56. *XI. Miscellaneous.*—The increase under this head which is chiefly in (*h*) "Other items" has not been explained. The estimate will however be passed.

SAGAR.

57. The income of this Municipality for 1890—91 is estimated at Rs. 2,020 against Rs. 2,292, the actuals of 1888—89.

I. Octroi ...	993	990
II. Tax on houses	338	230
VII. Mohatarfa	309	305
X. Miscellaneous	652	495
Total Rs.....	2,292	2,020

58. *II. Tax on Houses.*—The decrease under this head is explained to be due to the estimate having been based on the jamabandi. The Deputy Commissioner is requested to state the cause of the large decrease in the jamabandi. Meanwhile the estimate will be allowed to stand.

59. *X. Miscellaneous.*—The decrease under this head is chiefly in (*d*) "Pounds" from which Rs. 200 are expected to be realized during 1890—91, the actual collections of 1888—89 having amounted to Rs. 349. The present estimate, which is based on the probable collections of 1889—90, is approved.

60. Including the opening balance of Rs. 3,910, the sum available for expenditure during 1890—91 is Rs. 5,930, of which Rs. 5,404 are proposed to be expended, leaving a balance of Rs. 526 at the end of the year.

II. Head Office ...	24	24	24

Total Rs.....3,178		5,621	5,404

61. *IV. Conservancy.*—During 1889—90, Rs. 300 were provided for repairing carts and feeding bullocks, while in the present Budget only Rs. 150 are entered on that account, besides a new item of Rs. 24 on account of allowance proposed to be granted to the Taluk Gumasta for doing Municipal work. The estimate is sanctioned.

62. *VII. Lighting.*—The increase under this head is due to the provision of Rs. 100 newly made for the purchase of new lamp-posts and lanterns. The estimate is sanctioned.

63. *VIII. Public Works.*—The details of the provision under this head are as noted in the margin. The allotment of Rs. 3,568 is approved.

(1) Constructing new roads ...	1,100
(2) (*a*) Repairing town roads ...	300
(*b*) Do Provincial road	88
(3) Constructing new drains ...	450
(4) Providing dust-bins ...	60
(5) Removing silt from the tank	20
(6) Constructing a well ..	500
(7) Compensation	850
(8) Reserve	200
Total Rs.....	3,568

64. *X. Charitable Grants.*—In lieu of the provision of Rs. 60 for Malnad allowance sanctioned in 1889—90, a sum of Rs. 80 is entered in the present Budget on account of the Municipal share of the allowance sanctioned to the Hospital Assistant in charge of the Local Fund Dispensary. Hence the increase in the estimate which is sanctioned.

65. X. *Education.*—During 1889—90, Rs. 25 were provided for the purchase of furniture, no expenditure on this account being proposed for 1890—91. Hence the decrease under the head compared with the sanctioned estimate for 1889—90. The estimate is approved.

NAGAR.

66. The income of this Municipality for 1890—91 is estimated at Rs. 400 against Rs. 440, the actuals of 1888—89.

71. *IV. Conservancy.*—The decrease under this head is due to the provision of Rs. 5 made in the Budget of 1890—91 on account of contingencies against Rs. 10 sanctioned for 1889—90. The estimate is approved

72. *VIII. Public Works.*—The provision under this head consisting of the items specified in the margin is sanctioned.

(1) Repairing town roads ...	500
(2) Providing dust-bins ...	50
(3) Constructing steps to Somavarapet road ...	63
(4) Reserve ..	52
Total Rs... ..	665

73. *XI. Miscellaneous.*—The increase under this head compared with the sanctioned estimate for 1889—90 is due to the provision of Rs. 30 made for rewards to dog and snake killers against Rs. 25 sanctioned for 1889—90. The estimate is passed.

TIRTHAHALLI.

74. The estimated income of this Municipality for 1890—91 is Rs. 1,310 against Rs. 1,029, the actuals of 1888—89.

Total Rs.....	1,029	1,310

75. *I. Octroi.*—The estimate which is based upon the probable collections of 1889—90 is sanctioned.

76. *VII. Mohatarfa.*—No estimate is entered under this head as the full mohatarfa is enjoyed by the Inamdars of the Rameswara Temple.

77. *X. Miscellaneous.*—The increase under this head is chiefly in (*d*) "Pounds" and (*f*) "School Fees". The former is stated to be an item of uncertain nature and the increase in the latter is due to the Municipal English school having been recently raised to the Matriculation standard. The estimate is passed.

78 Including the opening balance of Rs. 1,848, the sum available for expenditure during 1890—91 is Rs. 3,158, of which Rs. 1,540 are proposed to be expended, leaving a balance of Rs. 1,618 at the end of the year.

79. *IV. Conservancy.*—No provision is made in the present Budegt for repair of carts, &c., while in 1889—90 a sum of Rs. 4 was sanctioned therefor. Hence the decrease in the estimate which is sanctioned.

80. *VIII. Public Works.*—The provision made for 1890—91 consisting of the marginally noted works, is approved. Considering the balance still available, further allotment might be made, but the Deputy Commissioner explains that the Municipal Board have specially reserved it as they will have to pay about Rs. 1,500 as Municipal contribution towards the construction of English school and dispensary.

(1) Repairing Town roads	100
(2) Do Cattle pound	10
(3) Reserve ...	33
Total Rs.....	143

81. *IX. Charitable Grants.*—For 1889—90 a provision of Rs. 60 was made on account of the Malnad allowance, while in the present Budget, this item has been omitted and a sum of Rs. 80 newly entered on account of charge allowance to the Hospital Assistant attached to the Local Dispensary. This is in accordance with the Proceedings of Government, dated 6th December 1889, No. 7180-90—164. The estimate is passed.

82. *X. Education.*—The increase under this head is due to the provision of Rs. 100 made on account of the purchase of maps and furniture against Rs. 10 sanctioned in 1889—90. Hence the increase under the head. The estimate is passed.

83. *XI. Miscellaneous.*—The decrease under this head compared with the sanctioned estimate for 1889—90 is in (*h*) "Other items" as specified in the margin. The estimate is approved.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 19th July 1890.

READ THE FOLLOWING PAPERS :—

The Budget Estimates of the several Municipalities of the French Rocks Sub-Division for the year 1890—91, submitted with the Docket of the Deputy Commissioner, Mysore, dated 15th February 1890, No. M.

2. Letter from the Deputy Commissioner, Mysore, dated 27th March 1890, No. 1117, regarding charge allowances to the Hospital Assistants of Local Fund Dispensaries to be provided in the Budgets.

No. 4851-66—CIR. 99, DATED 19TH JULY 1890.

Seringapatam.

ORDER THEREON.—The income of this Municipality for 1890—91 is estimated at Rs. 9,461 against Rs. 9,359 the actuals of 1888—89.

		Actuals. 1888—89.	Estimate. 1890—91.
I	Octroi	3,537	3,443
II	Tax on houses	2,143	2,335
VII	Mohatarfa	2,183	2,472
X	Miscellaneous	1,496	1,211
	Total Rs.....	9,359	9,461

2. *I. Octroi.*—The estimate under this head, which is based on the probable collections of 1889—90, is fair and is passed.

3. *II Tax on houses and VII Mohatarfa.*—The increase under these heads is stated to be due to the arrears of previous years expected to be collected during 1890—91 The estimates are passed.

4. *X Miscellaneous.*—The decrease under this head is the result of a gross decrease of Rs. 577 and of a gross increase of Rs. 92 in the items specified in the margin. The decrease under (*a*) is explained to be due to there being no demand for house sites. The estimate under (*k*) is based on the probable collections during 1889—90, but it is not explained why the collections of 1889—90 were less than those of 1888—89. The omission should be supplied. The items (*l*) and (*n*) are of uncertain nature, while the variations under other sub-heads are justified by the probable collections of the year 1889—90. The estimate is passed.

Decrease.		Rs.	Increase		Rs.
(*a*)	Sale of lands ...	107	(*g*)	Sale of manure ...	92

XI	Miscellaneous ...	244	530	550
	Total Rs.....	8,215	13,132	13,052

6. *II Head Office.*—The increase under this head is due to the provision of Rs. 60 made to increase the pay of the Municipal Clerk in the Office of the Vice-President from Rs. 25 to 30. The necessity for increasing the pay of the Clerk is not stated. This should be explained. Meanwhile the estimate will stand.

7. *VII Lighting.*—The increased provision under this head is stated to be on account of lighting 48 lamps and the purchase of new lamp-posts and lanterns The estimate will be passed.

8. *VIII Public Works.*—The estimate, of which the details are as shown in the margin, is passed.

(*b*)	Forming roads	300
(*c*)	Repairing roads	800
(*d*)	Constructing drains	600
(*e*)	Repairing do	100
(*g*)	Do Karanji well ...	200
(*i*)	Do Buildings	100
(*k*)	Constructing bridge	1,300
(*m*)	Compensation	100
(*o*)	Reserve for unforeseen expenditure.	250
	Total Rs	3,750

9. *IX Charitable Grants*—The increase of Rs. 40 over the sanctioned estimate for 1889—90 is due to the provision newly made on account of the Municipal share of the charge allowance sanctioned to the Hospital Assistant attached to the Local Fund Dispensary in the Town. This is in accordance with the Proceedings of Government, dated 6th December 1889, No. 7180-90—164. The estimate is approved.

10. The other items call for no remark.

Mandya.

11. The income of this Municipality for 1890—91 is estimated at Rs 635 against Rs. 435, the actuals of 1888—89.

II	Tax on houses	120	150	
VII	Mohatarfa	240	310	
X	Miscellaneous	75	175	
	Total Rs.....	435	635	

12. *II Tax on Houses and VII Mohatarfa.*—The increase under these heads is stated to be due to the increase in number of houses, shops, looms, oil-mills and carts The estimates are sanctioned.

13. *X Miscellaneous.*—The increase under this head is chiefly due to the new estimate of Rs. 75 under (*m*) "Contributions." The source from which this is expected to be derived has not been stated. This is probably the mileage allotment payable by the Public Works Department for the maintenance of the Provincial road within the Municipal limits of the Town. The estimate will be passed.

14. Including the opening balance of Rs. 2,718, the sum available for expenditure during 1890—91 is Rs. 3,353, of which Rs. 2,472 are proposed to be expended during the year, leaving a balance of Rs. 881 at the end of the year.

X	Education	...	120	120
XI	Miscellaneous ...	10	30	30
	Total Rs.....	726	2,202	2,472

15. *VII Lighting*—The provision under this head is for the pay of a lamp lighter at Rs. 4 per mensem and for the cost of lighting 12 lamps. The estimate, which is the same as that sanctioned for 1889—90, is approved.

16. *VIII Public Works.*—The provision made is on account of the marginally noted works and is sanctioned. Considering the sum available for expenditure, the Deputy Commissioner is requested to propose further allotment of Rs. 600 for useful works. He is also requested to explain whether the provision for road repair includes the cost of the repair of the Provincial road, for which contribution of Rs. 75 is entered on the side of receipts. If not, the estimate will have to be revised.

(*b*)	Repairing roads	200
(*c*)	Constructing drains	600
(*g*)	Repairing feeders of the tank for drinking purposes ...	200
(*k*)	Constructing bandy-stand ...	500
(*m*)	Compensation	10
(*o*)	Reserve...	80
	Total Rs.....	1,590

17. *IX Charitable Grants.*—Under this head provision was made on account of furniture during 1889—90, while for the current year this item is omitted and a sum of Rs. 40 entered instead, on account of the charge allowance sanctioned to the Hospital Assistant attached to the local Dispensary. This accounts for the increase in the estimate, which is sanctioned.

18. The other items call for no remark.

3. *Attiluppa.*

19. The income of this Municipality for 1890—91 is estimated at Rs. 344 against the same amount actually realized during 1888—89.

II	Tax on houses	134	134
VII	Mohatarfa	121	121
X	Miscellaneous	89	89
	Total Rs.....	344	344

20. The estimates are fair and will be sanctioned. The Government, however, observe that Rs. 10 are estimated under X "Miscellaneous" (*n*) "Other items" as sum expected from the sale of cattle. It is not stated which cattle are proposed to be sold. If the proceeds expected are from the sale of impounded cattle, the item should be shown not under (*n*) but under (*d*) "Pounds." The Deputy Commissioner is requested to explain the matter.

21. Including the opening balance of Rs. 1,974 at the beginning of the year, the sum available for expenditure during 1890—91 is Rs. 2,318, of which Rs. 951 are proposed to be expended, leaving a balance of Rs. 1,367 at the end of the year.

II	Head Office	5	5	5

VIII	Public Works	220	600
IX	Charitable Grants	176	156
XI	Miscellaneous	5	15
	Total Rs.....	125	581	951

22. *VII Lighting.*—The provision under this head is stated to be on account of oil, wick and contingencies. The estimate is sanctioned.

23. *VIII Public Works.*—The provision under this head consisting of the marginally noted items is approved. Considering the amount of closing balance, a larger provision might be made under this head, but the Sub-Division Officer explains that the closing balance is reserved for the construction of a reservoir for drinking purposes.

		Rs.
(*c*)	Repairing roads	50
(*d*)	Constructing drains	400
(*k*)	Building a flight of steps near the tank..	50
(*o*)	Reserve for unforeseen works ...	100
	Total Rs.....	600

24. *IX Charitable Grants.*—During 1889—90 provision of Rs. 60 was made on account of furniture, while for the current year this is omitted and a sum of Rs. 40 is added to meet the Municipal share of the charge allowance sanctioned to the Hospital Assistant attached to the Dispensary in the Town. This accounts for the decrease in the estimate, which is passed.

25. The other items do not call for remark.

4. *Nagamangala.*

26. The income of this Municipality for 1890—91 is estimated at Rs. 528 against Rs. 327, the actuals of 1888—89.

II	Tax on houses	123	187
VII	Mohatarfa	159	210
X	Miscellaneous	45	131
	Total Rs.....	327	528

27. *II Tax on Houses.*—The increase is due to the erection of new houses, which will be brought under taxation and to the expected collections of the arrears of previous years. The estimate is passed.

28. *VII Mohatarfa*—The increase under this head is due to the expected collections of arrears. The estimate is approved.

29. *X Miscellaneous*—The increase under this head is chiefly in (*a*) "Sale of houses and lands" and (*d*) "Pounds," which are items of a fluctuating character. The estimate is passed.

30. Including the opening balance of Rs 1,816, the sum available for expenditure during 1890—91 is Rs 2,344, of which Rs. 2,237 are proposed to be expended during the year, leaving a balance of Rs 107 at the end of the year.

	Total Rs		360	907	2,237

31 *VII Lighting.*—The provision under this head consists of the cost of lighting the existing 4 lamps in the Town and of the cost of 17 lamps proposed to be purchased during the year. The estimate is passed.

32. *VIII Public Works*—The provision under this head consists of the marginally noted items. Owing to the insufficiency of funds, the provision under Reserve will be reduced by Rs 25 and the balance sanctioned.

		Rs.
(*c*)	Repairing roads	200
(*d*)	Constructing drains	1,380
(*h*)	Other works, original ...	50
(*o*)	Reserve for unforeseen works ..	150

33. *IX Charitable Grants*—The increase under this head compared with the sanctioned estimate of 1889—90 is due to the provision newly made on account of the Municipal share of the allowance sanctioned to the Hospital Assistant in charge of the local Dispensary. The estimate is passed.

34. *XI Miscellaneous*—The increase under this head is small and calls for no remark.

5 *Malvalli*

35. The income of the Municipality for 1890—91 is estimated at Rs 764 against Rs. 713, the actuals of 1888—89.

64. *X Education.*—The provision under this head which is usually made on account of grant-in-aid to the Wesleyan Mission School in the Town is sanctioned

65. The other items call for no remark.

66. The Deputy Commissioner is requested to furnish a statement showing the number of lamp posts in each Municipality and the cost of lighting each lamp, an information which is not furnished in Budget Statements.

67. The Government observe that the opening balances given in the Budget Statements reviewed above are those which were outstanding on the 1st December 1889, and not the probable outstandings on the 1st April 1890. In future the balance given in the Budget Statements should be that which is likely to remain on hand on the 1st April of the year to which the Budget relates. If the balances already given in the case of these Municipalities differ considerably from those, which were actually outstanding on 1st April 1890, and the effect is likely to reduce the closing balance much below 25 per cent of the annual receipts, the Deputy Commissioner is requested to propose such reductions in the charges as would bring the closing balances to 25 per cent of the receipts.

68. With these remarks and subject to the explanations called for, the Budget Estimates of the several Municipalities of the French Rocks Sub-Division for 1890—91 are sanctioned as shown in the accompanying Appendices A, B and C.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 25th July 1890.

READ—

Letter from the Deputy Commissioner, Hassan District, dated 18th April 1890, No. 33 —S

2. Do dated 22nd May 1890 No. 101—S, requesting that additional provisions may be made in the Budgets of Belur, Arkalgud and Hole-Narsipur for the year 1890-91 on account of contribution towards the Jubilee Student's Home at Hassan

No. 6329-40—131, DATED 25TH JULY 1890.

ORDER THEREON.—The Government resolve to review the Budget Estimates of the several Municipalities of the Hassan District for the year 1890—91.

HASSAN.

2. The income of this Municipality for the year 1890—91 is estimated at Rs. 5,247 against Rs. 5,221, the actuals of 1888—89.

		Actuals of 1888—89.	Estimate for 1890—91.
I	Octroi ...	1,783	1,470
II	Tax on houses ...	2,001	2,050
VII	Mohaturfa ...	1,112	1,130
X	Miscellaneous ...	325	597
	Total Rs.. ..	5,221	5,247

3. *I Octroi.*—The decrease, which is justified by the probable collections of 1889—90, is stated to be due to the fall in the cloth trade in consequence of the death of some of the principal merchants of the Town. The estimate is passed.

4. *II Tax on Houses.*—The small increase under this head is stated to be due o the increase in the number of houses newly built in the Town. The estimate is sanctioned.

5. *X Miscellaneous.*—The increase under this head is chiefly in the items noted in the margin. The provision under (*m*) Contributions is stated to be on account of the maintenance of the District Fund roads. The Deputy Commissioner is requested to state whether it includes the maintenance allowance of the *Provincial* road (Bangalore-Mangalore road) passing through the Town transferred to the Municipality under Public Works Department Circular, dated 16th April 1886, No. 32. If not, the estimate will have to be increased. The variations under other items, which are of a fluctuating character do not call for remark.

(*a*)	Sale of houses and lands ...	44
(*g*)	Do manure	26
(*m*)	Contribution	144
(*n*)	Other items	48
	Total Rs.....	262

6. Including the opening balance of Rs. 4,273, the sum available for expenditure during 1890—91 is Rs. 9,520, of which Rs 7,896 are proposed to be expended, leaving a balance of Rs. 1,624 at the end of the year.

		Actuals of 1888—89.	Estimates for 1889—90.	1890—91.
II	Head Office including Municipal Overseer's pay	348	348	348
III	Collection ...	224	384	384
IV	Conservancy	1,641	1,728	1,728
V	Police ...	1,192	1,260	1,355

VIII	Public Works	2,117	2,650	3,184
IX	Charitable Grants midwife's pay	240	240	240
XI	Miscellaneous	318	108	163
XII	Contribution on account of Jubilee Student's Home	750	0	0
	Total Rs.....	7,230	7,583	7,896

7. *III Collection.*—The increase compared with the actuals of 1888—89 is due to the actuals having included only 4 months' cost of the pay of the 4 Octroi Peons sanctioned temporarily, while in the present Budget provision is made for the whole year. The Government observe that the Peons were sanctioned in July 1888 for only one year and no reason is given why their retention is proposed for 1890—91 also. The Deputy Commissioner is requested to explain the matter. Meanwhile the estimate will be allowed to stand.

8. *IV Conservancy.*—The estimate under this head, which is the same as that sanctioned for 1889—90 is passed.

9. *V Police.*—The increase under this head compared with the sanctioned estimate for 1889—90 is chiefly owing to the provision of Rs. 200 made for clothing against Rs. 100 sanctioned for 1889—90 The estimate is sanctioned.

10. *VII Lighting.*—Under this head the cost of lighting alone is provided for, while the past year's Budget included Rs 475 on account of the purchase of lamp-posts. The estimate is approved.

	1889—90.	1890—91.
Cost of lighting ...	390	494
Purchase of-lamp posts	475	
Total Rs. ...	865	494

11. *VIII Public Works.*—The provision under this head consisting of the marginally noted items is passed. The Deputy Commissioner is however requested to state the nature of the work under "Water Supply, original" proposed to be carried out during 1890—91 at a cost of Rs 200.

		Rs.

(*k*)	Filling in Fort Trench ...	800
(*m*)	Compensation	300
	Total Rs.....	3,184

12. *XI Miscellaneous.*—The details of provision under this head are shown in the margin. The increase in the actuals of 1888—89 is due to the inclusion in the 3rd item of Rs. 84 on account of refunds and Rs. 150 on account of Park work. The estimate is passed.

		Actuals of 1888—89.	Estimates for— 1889—90.	1890—91.

14. *I Octroi.*—The increase under this head is explained to be due to better prospects of trade in consequence of the growing condition of the Town. The estimate is approved.

15. *VII Mohatarfa.*—The increase under this head is stated to be due to the increase in the number of shops. The estimate is passed.

16. *X Miscellaneous.*—The decrease under this head is chiefly in "(*a*) Sale of houses and lands" which is an item of uncertain nature. The estimate is sanctioned.

17. Including the opening balance of Rs. 3,463, the sum available for expenditure during 1890—91 is Rs. 4,207, of which Rs. 3,875 are proposed to be expended, leaving a balance of Rs. 332 at the end of the year.

24. *III Collection.*—The charges under this head represent the percentage remuneration payable on octroi collections, which are estimated to yield Rs. 740 against Rs 392 estimated for 1889—90. Hence the increase under this head. The estimate is sanctioned.

25. *IV Conservancy*—During 1889—90, a sum of Rs 50 was provided on account of the hire of a cart, no such charge being entered in the present Budget. Hence the decrease in the estimate compared with the sanctioned provision for 1889—90. The estimate is approved.

26. *VII Lighting.*—The increase is due to the provision of Rs. 100 for lamp-posts to be newly purchased and for the increase in the cost of lighting, that will be rendered necessary by the increase in the number of lamps. The estimate is sanctioned.

28. *IX Charitable Grants.*—The provision under this head consists of the cost of menial establishment and contingencies (Rs. 100) and of Rs. 60 on account of Malnad allowance to the Hospital Assistant. The Government observe that the Malnad allowance of Rs. 15 per mensem hitherto drawn by the Hospital Assistant in charge of the Local Fund Dispensary in the Town was discontinued and in lieu thereof charge allowance of Rs. 20 was sanctioned in Government Proceedings, dated 6th December 1889, No. 7180-90—164. Accordingly a sum of Rs. 80 on account of charge allowance will be entered, the provision of Rs. 60 made on account of Malnad allowance being struck out. The estimate as now sanctioned amounts to Rs. 180.

29. *X Education.*—The increase under this head is due to the increased rate of pay from Rs. 20 to Rs. 30 proposed to be given to the Head Master of the Municipal English school. Pending the issue of orders regarding the increase proposed in the Education Department, the provision will be retained.

30. *XI Miscellaneous.*—The decrease under this head is small and calls for no remark.

32. *I Octroi.*—The increase under this head, which is chiefly in "Cloths" is stated to be due to better prospects of trade, the probable collections of 1889—90 being estimated at Rs. 755. The estimate is passed.

33. *VII Mohatarfa.*—The increase under this head is explained to be due to the increase in the number of looms and carts. The estimate is approved.

34. *VIII Rents.*—The estimate under this head is stated to be the income expected to be realized from houses. The Deputy Commissioner is requested to state from what buildings the rent is expected. Meanwhile the estimate will stand.

35. *X Miscellaneous.*—The decrease under this head is chiefly in "*(h)* other items." Rs. 121 appear to have been refunded to the Municipality in 1888—89, but no similar refunds are expected in 1890—91. No estimate is entered under *(f)* School fees although the school was *opened in November 1889 and a sum of Rs. 469 is shown under X Education on the side of Expenditure. The omission should be explained. Meanwhile the estimate will stand.

78. *X Education*—The increase under this head is due to the provision of Rs. 29 newly made for the purchase of maps. The estimate is passed.

79. *XI Miscellaneous.*—The increase under this head is small and calls for no remark.

80. *XII Contributions.*—The provision under this head represents the contribution to be made by this Municipality towards the Jubilee Students' Home at Hassan. The Deputy Commissioner states that the sum which was sanctioned in Government Proceedings, dated 16th October 1889, No 5808-69—141, and provided for in the Budget for 1889—90 was not drawn and spent before the close of that year. The estimate is approved.

81. It is noted that the total expenditure proposed for 1890-91 as per details furnished in Statement No. I., exclusive of Rs. 500 on account of contribution, amounts to Rs. 5,030 and not Rs 5,010 as entered in it.

84. X. *Miscellaneous.*—The increase under this head is the result of a gross increase of Rs. 304 and of a gross decrease of Rs. 16 in the items specified in the margin. The increase under "(*f*) School fees" is explained to be due to the English school in the town being in a flourishing condition and that under "(*a*) Sale of houses and lands" is probably due to the demand for house sites. The variations under other items are small and call for no remark. The estimate is sanctioned.

87. *IX Charitable Grants.*—The provision under this head does not include the Municipal share of the charge allowance sanctioned to the Hospital Assistant attached to the local Dispensary. The estimate will therefore be raised by Rs. 40.

88. *XI Miscellaneous.*—The details of the provision under this head are noted below :—

		1889—90.	1890-91
(*c*)	*Cattle Pounds* —Repairing cattle pounds ..	..	100
(*d*)	Rewards to dog and snake killers	20	6
		Total Rs... 20	Total Rs ... 106

The provision made for the repair of Cattle Pound will be sanctioned but transferred to *VIII Public Works*, raising the estimate under this head from Rs. 4,375 to Rs. 4,475.

89. *XII Contributions.*—The provision under this head represents the contribution to be made by this Municipality towards the Jubilee Students' Home in Hassan. The Deputy Commissioner states that the amount sanctioned and provided for in the Budget for 1889-90 has not been drawn and expended before the expiration of the year. The estimate is sanctioned.

90. The Deputy Commissioner is requested to state the number of the existing lamps in each Municipality and the cost of lighting each lamp, an information which is not furnished in the Budget Statements.

91. With these remarks and subject to the explanations called for, the Budget Estimates of the several Municipalities of the Hassan District for 1890-91 are sanctioned as shown in the accompanying appendices A, B and C.

A. SRINIVASACHARLU
Under-Secretary.

To—The Deputy Commissioner, Hassan District.
The Deputy Commissioners of other Districts for information.
The Comptroller.
The Senior Surgeon
The Education Secretary
The Secretary in the Public Works Department.

GENERAL

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 9th July 1890.

READ THE FOLLOWING PAPERS —

(1) Docket No. 5 of the 5th April 1887, from the Deputy Commissioner of the Hassan District.

(2) Circular Camp No. 296—303 of the 6th May 1887.

(3) Docket No. 117 of the 21st May 1887, from the Deputy Commissioner of the Bangalore District.

(4) Docket No. 135—119 of the 25th June 1887, from the Deputy Commissioner, Kolar District.

(5) Docket No. 91 of the 23rd May 1887, from the Deputy Commissioner, Tumkur District.

(6) Dockets Nos. 189 and 198 of the 13th and 22nd June 1887, from the Deputy Commissioner, Mysore District.

(7) Docket No. 86—83 of the 19th May 1887, from the Deputy Commissioner, Shimoga District.

(8) Docket No. 85 of the 14th May 1887, from the Deputy Commissioner, Kadur District.

(9) Dockets Nos. 60—58 and 66—62 of the 4th and 9th June 1887, from the Deputy Commissioner, Chitaldroog District.

(10) Letters Nos. 146, 377 and 75 of the 28th June 1887, 24th December 1888 and 6th May 1890, from the Deputy Commissioner Hassan District.

No. 2988-95—, CIR. 49, DATED 9TH JULY 1890.

ORDER THEREON.—In the 1st of the letters above recorded, the Deputy Commissioner of the Hassan District solicited sanction to an expenditure of Rs. 10 for providing seals for the use of the Shekdars (in the Sayer Department) of the Belur Taluk.

2. The Deputy Commissioners of Districts were thereupon requested to report if the Shekdars in any of the Taluks of their Districts had been provided with seals for use in the Sayer Department, and if so, to send impressions of such seals for the inspection of the Dewan.

3. The replies received show that, except in few Taluks in the Mysore, Hassan and Chitaldroog Districts, the Shekdars have not been provided with seals for use in the Sayer Department, while the silver ring provided for those in the Tumkur District is being used by them in every Department.

4. In these circumstances, the attention of the Deputy Commissioner of Hassan is drawn to Section 21 of the Mysore Land Revenue Code, and he is informed that no seals for Shekdars have yet been prescribed for general use. The sayer seals used by some of the Shekdars should be used for sayer purposes only, and they should be in the hands of Shekdars who have to use them for sayer purposes.

5. The Deputy Commissioner may, however, renew his application if necessary, in accordance with the above observations.

T. ANANDA RAO,
Chief Secretary.

To—The Deputy Commissioner, Hassan District, returning the Vernacular papers and the seal.
The Deputy Commissioners of other Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 12th July 1890.

READ:—

Letter dated 1st June 1889, No. 153, from the Deputy Commissioner, Mysore District, submitting for consideration copy of correspondence, regarding the unauthorized felling of date trees on Government kharab lands.

No. 3500-7—CIR. 63, DATED 12TH JULY 1890.

ORDER THEREON.—The Deputy Commissioner reports the unauthorized felling of date trees on Government kharab, and recommends that the toddy contractors for the time being may be held responsible for this loss, on the ground that during the lease term the contractors are in possession of these date groves and are bound to conserve them against all damages.

2. The correspondence between the Deputy Commissioner and the Amildar of Mysore submitted for information, shows that the felling is carried on with impunity, that the Patels and other village officers do not evidently recognize it as their duty to prevent this damage and that the men of the contractors who are in charge of the groves must, to a great extent, connive at the felling. The chief culprits are the owners of lime-kilns.

3. The Government cannot permit this state of things to continue. The Deputy Commissioner will warn the village officers that they are primarily responsible for the security of all Government interests in the village, that when any illegal acts of third parties injuriously affect these interests, the Government looks to these officers for early information and possible prevention, and that they will incur the severe displeasure of Government if they neglect their important duty in this respect.

4. The Deputy Commissioner will also warn the toddy contractors that they are bound to conserve the groves against damages and that they will be held liable for any unauthorized felling of date trees committed by their agents or servants affecting prejudicially the Government revenue.

T. ANANDA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, returning enclosures of his letter.
Other Deputy Commissioners for information.
The Excise Commissioner for information.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 16th July 1890.

No. 3338-58—CIR. 55, DATED 16TH JULY 1890.

ORDER.—Government being desirous of compiling a history of the services of every Gazetted Officer (Military and Civil) similar to the one published in 1880, furnishing information as to transfers from one District to another, investitures of Magistrate powers in each instance, passing of departmental or other examinations, leave under all heads, specifying extent, &c., installation (if any) of title, and appointment to special duty, particularizing nature and period of such employment with other events of note that may have then occurred, the undermentioned Officers are requested to submit a statement of their own services, and of those of every Graded Officer borne on the Civil list under their control, as early as possible, so as to reach this Office not later than the middle of August 1890. The compilation should give all particulars of the services of each Officer from date of first appointment, as detailed in the accompanying forms marked A and B for Military and Civil Officers. In the cases of those Officers whose services are already recorded in the compilation of 1880, it will be sufficient if the return to be now submitted is in continuation of that record.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 19th July 1890.

READ THE FOLLOWING PAPER —

From the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 94, Enclosures 3, dated Bangalore, 12th June 1890.

I have the honor to report for information that, the Director of Land Records and Agriculture in Madras invited the co-operation of this Department in the matter of the Agricultural Exhibitions held recently at Bellary and Salem. The Deputy Commissioners were thereupon urged to give wide publicity to the proposed Exhibitions and to encourage private individuals to send in Exhibits. The prize lists and regulations were also published in the Mysore Gazette.

2 I submit two lists one of the prizes obtained by Mysore Exhibits at the Bellary Exhibition and the other of those awarded at Salem. Foremost and almost only one among the Districts which contributed to the Bellary Exhibition was the Chitaldroog District. I beg to forward for information the last letter of the Deputy Commissioner of that District on the subject. The number of prizes obtained was highly satisfactory and the efforts of the officers who were instrumental in conducing to this success are commendable. Mr. Cameron induced Messrs. Subbaiya Chetti and Sons to exhibit their carpets at Bellary where they achieved the first prize.

3. The Districts represented at Salem were Hassan, Bangalore, Kolar and Mysore. Hassan obtained the largest number of prizes, Bangalore coming next with 5 certificates of Honorable mention. Mulbagal sugar succeeded in obtaining a prize of Rs 15. Shikarpur Amildar Mr. Nagesha Rao's candles and soap received an Honorable mention.

4. I beg to recommend that the Deputy Commissioners of the Districts concerned, especially those of Chitaldroog and Hassan and the other officers who exerted themselves to get Mysore represented at the Exhibition may be thanked.

Enclosures.

From the Deputy Commissioner of Chitaldroog, To the Director of Statistics and Agriculture in Mysore, No. 77—17, dated 27th May 1890.

I. In continuation of this office No. 471—97 of the 31st March 1890 giving a brief account of what was done in this District in connection with the Agricultural Exhibition held in Bellary in December last, I have the honor to forward the following excerpts from the Proceedings of the Madras Board of Revenue No. 91 of the 26th March 1890 received today from the Collector of Bellary with his letter No. 746 of the 21st instant :—

(*a*). Mr. Goodrich, Collector of Bellary, says in his report to the Board of Revenue:—"The * Assistant Commissioner of Chitaldroog and his † Amildar were present at the Exhibition. and brought with them a large number of Exhibits from ‡ Mysore, many of them of much excellence."

*Mr. B. Narayanaiyengar.
†Mr. C. Krishna Rao of Molakalmuru.
‡ Meaning Chitaldroog.

(*b*). In the report on Section C of which the Chairman was Mr. Gompertz, the following occurs :—

"Only one tanned hide was shown, but that was so exceptionally good that we awarded it the first prize. It was shown by the Assistant Commissioner, Chitaldroog."

(*c*) In the report on Section D of which the Chairman was Mr. Sewell, the following occurs —

"In class 2 there was a superior display. This was a class for cumblies, and the distinctive feature was the collection of articles from Chitaldroog which, however, being of fanciful make, were treated as a class apart and awarded special prizes. They are made in imitation of cotton stuffs and even of English tweed, one cloth especially being so well devised as to be quite good enough for ladies' dress, being in character and appearance something like a Scotch housespun." *

* * * "In class 5 there was superior competition, this being on Exhibition of ordinary male and female cotton cloths. The best of ordinary cloths shown as specimens of those in general use was one made by K. Ramanna of Molakalmuru." *

* * "This last article (steel) was exhibited, as were many others, in this Section by the General Assistant Commissioner, Chitaldroog, to whom special thanks are due for the energy and interest displayed by him." * * * *

* "Prizes of Rs. 5 each were awarded * * * for a set of four pairs of ornamental sandals manufactured by Parva of Chitaldroog and exhibited by the Assistant Commissioner of Chitaldroog and for a bell-metal gong made at Hosdurga by Sivanna and exhibited by the same gentleman."

(*d*). In their resolution the Madras Revenue Board say:—

"In Section B, although Bellary produced about half the exhibits, nearly one-fourth came from * Mysore, whilst Cudappa, Karnul and Anantapur together accounted for most of the remainder. In section C, the proportions were much the same, but in Section D, although Bellary accounted for a majority of the exhibits, the show would have been small but for those brought in from † Mysore."

* Meaning Chitaldroog

† Meaning Chitaldroog.

"Had it not been for the exhibits in Sections B, C and D, brought in by the Assistant Commissioner of Chitaldroog, the show in these sections also would have been poorer than it was."

II. I may perhaps add that the number of exhibits sent from this District was larger than that of those forwarded from any District in Madras, saving Bellary, and in regard to the number of prizes also this District stood next only to Bellary. For paddy this District which got the first prize in Mysore Exhibition, won the 2nd prize at Bellary. I am given to understand that competition was very keen there.

III. I however feel that we might have sent many more things and done well; but just at that time a lot of other engagements engrossed our attention, *viz*, the passing through the District of several bodies of British Troops, the Jamabandi, &c., &c.

READ THE FOLLOWING PAPER —

Report on Prison Administration in Mysore for the year 1888.

No. 3887—395, DATED 23RD JULY 1890.

REVIEW THEREON.—The Office of Inspector General of Prisons was held by Mr. T. R. A. Thumboo Chettiyar from March to November, and by Mr. C. G. Plumer during the remainder of the year.

2. The total capacity of the Jails of the State was for 2,486 prisoners as compared with 2,344 in 1887. Prison accommodation was sufficient in all the Jails except at Bowringpet, where additional accommodation may have to be provided.

3. The following tabular statement contrasts the statistics of the Jail population of the year under review with the preceding year :—

		1887.	1888.
Number in Jail at the beginning of	Convicts ...	977	807
	Under-trial ..	77	77
	Civil ...	10	3
Admitted during	Convicts ...	1,835	1,977
	Under-trial ...	2,856	3,128
	Civil ...	81	111
Discharged during	Convicts ...	2,005	1,986
	Under trial ...	2,856	3,116
	Civil ..	88	107
Remaining at end of	Convicts ...	807	798
	Under-trial ...	77	89
	Civil ...	3	9

The daily average number in Jail was 861 as compared with 914 in the preceding year ; of these 779 were convicts, 77 prisoners under-trial and 4 civil prisoners. The numbers were distributed as follows :—

In Taluk Lock ups	83
In the Bangalore Central Jail	442
In the Mysore District Jail	224
In the Shimoga District Jail	112
Total.....861	

4. Of the total number of convicts on the last day of the year, 577 were between the ages of 16 and 40 and 197 between 40 and 60.

5. Of the convict population at the close of the year under review, 40 per cent were agriculturists, a proportion lower than in 1887, when it was over 43 per cent.

6. There remained in Jail at the end of the year under notice—

45 persons sentenced to a period not exceeding one month.

45 do above one and not exceeding three months.

82 do above three and not exceeding six months.

139 do above five years and not exceeding ten years.

8 do exceeding ten years.

197 do transportation for life.

10 do for a term of years.

7. There were no persons under sentences of death at the close of the year under review.

8. Of the 807 convicts in Jail on the 31st December 1887—

63	had been	once previously	convicted.
55	do	twice	do
27	do	convicted more than twice	

Of 1,977 convicts admitted into the Jails during the year 1888—

76	had been	once previously	convicted.
36	do	twice	do
44	do	convicted more than twice	

The percentages of re-convicted prisoners in the three principal Jails were as under :—

Bangalore Central Jail	...	...	...	16 94
Mysore District Jail	...	..	...	19 219
Shimoga District Jail	..	...	...	8·06

In Madras, the ratio of previously convicted prisoners to total number admitted was, in 1887, 19 81 per cent.

The admissions of juvenile offenders show a satisfactory decline, being 21 against 43 in the previous year. Of this number, 10 were old offenders.

9. The number of escapes of convicts from Jails increased from one to four. It is satisfactory to observe that out of this number two prisoners were recaptured. The failure of the Police to recapture any of the 40 prisoners who escaped in previous years and are still at large is to be regretted.

The Dewan has recently had occasion to express dissatisfaction with the conduct of the officials of the Shimoga District Jail in respect to escapes. The Inspector General of Jails remarks :—

"The frequent escapes that occur from this Jail scarcely speak well for the "discipline and supervision exercised over it ; and now that the railway is opened, it "will be advisable to consider the possibility of abolishing this Jail."

10. The following statement shows the number of offences committed by the prisoners during the years 1887 and 1888 :—

				1887.	1888.
Criminal offences	...	...	...	7	17
Breaches of Jail Rules	...	...	...	163	102

The punishments inflicted for these offences are shown in following table :—

				1887.	1888.
By Criminal Courts	...	...	...	0	0
By Jail officers	...	...	...	0	0
Solitary confinement	...	..	...	34	11
Reduced diet	...	...	...	21	8
Solitary confinement with reduced diet		...	...	20	23
Corporal punishment	...	...	...	18	24
Other punishments	...	...	...	70	36

The ratio of punishments to the average number of convicts at the Bangalore Central Jail was 18·501, while at the Mysore District Jail it was 5·224. The

out-break at the Shimoga District Jail in April 1888 reflects some discredit on the Jail authorities It is observed that the punishment registers of the Taluk Lock-ups are entirely blank. From this it may be presumed that a fair day's task is not exacted from the prisoners incarcerated therein, and that the discipline is lax.

11. The education of prisoners received some attention in the Bangalore Central Jail and the Mysore and Shimoga District Jails.

Out of the 1,977 prisoners admitted into the Jails of the State during the year under review, 1,651 were wholly ignorant, 228 could read and write a little and 98 could read and write well. The daily average number of prisoners under instruction during the year was 260. In the Bangalore Central Jail, there were 29 females under instruction.

12. The avearge number of prisoners employed as Jail officers was 59 against 70 in 1887. Out of a total of 233 (including 2 females) employed during the year, only 6 were reduced or otherwise punished. There is still room for much progress in respect to the further utilization and improvement of convict warders.

13. Sixteen persons earned remission of sentence on account of marks gained during the year.

14. The diet scale is liberal, and assimilates closely to that recommended by the Inspector General of Prisons in the Resolution, dated 2nd December 1878, differing only on the side of liberality. The question of allowing increased rations to prisoners incarcerated in Taluk Lock-ups is under consideration.

15. The following table exhibits the total cost of maintaining and guarding prisoners throughout the State during the last two years :—

	1887.	1888.
	Rs	Rs.
Rations	29,505	24,438
Establishment	37,456	32,865
Police Guard	28,644	22,472
Hospital charges	856	1,101
Clothing	5,105	2,214
Contingencies	3,031	4,869
Total.....	1,04,597	87,959

These figures are fairly satisfactory ; the orders recently issued directing the employment of convicts as Prison officers will, it is hoped, further reduce the cost of maintenance.

16. Out of an average number of labor convicts, the daily average number actually employed was 699, the remainder being sick or infirm. Of the latter number, there were employed—

On unremunerative labor	170
As prison warders	45
As prison servants	122
In Jail gardens	57
In preparing articles for use or consumption in Jails	63
On Jail repairs	13
On manufactures	177
On Public Works	50

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd July 1890.

17. From a financial point of view the results of the employment of prisoners are much more satisfactory in 1888 than they were in 1887. The profits were Rs. 10,869, giving Rs. 14—10—0 as the average cash profit per head of the number sentenced to labor, while the corresponding figures in 1887 were Rs. 3,949, and Rs. 4—15—2. The improvement has been most marked in the Bangalore Central and Mysore District Jails. In the Shimoga Jail, the average earned was only Rs. 8—12—2. The net cost per head of convicts sentenced to labor was Rs. 696-0-6 in the Taluk Lock-ups, and the average cash earnings were nothing. Efforts should be made to reduce the charges under this head.

18. The health of the prisoners was much better in 1888 than in the preceding year. The number of deaths was 16 or 2·134 per cent of average strength against 22 or 2·616 per cent in 1887. The rate of mortality was highest in the Mysore District Jail and lowest in the Bangalore Central Jail. The most fatal diseases during the year were dysentery and diarrhœa. The daily average number of sick fell from 15·729 in 1887 to 14·284 in the year under review ; the percentage of daily average sick to daily average strength also fell from 1·871 to 1·831. The percentage of deaths among under-trial prisoners was 8·273. There were no deaths among prisoners under 16 years of age. Between the ages of 40 and 60, the rate of mortality was much higher than between 16 and 40.

19. The result of the weight test was that of the prisoners discharged, 765 gained in weight, while 122 lost it.

Lock-ups.

20. The number of admissions during the year was 3,701 being 166 more than in the privious year. The daily average number was 82 against 84 in 1887. The health of the prisoners was generally good. The hospital admissions, however, rose from 4 in 1887 to 50 in the year under review.

Letter from the Deputy Commissioner, Mysore District, No. 352, dated 23rd June 1890, forwarding a statement received from the Amildar of Chamrajnagar Taluk, showing the names of officials of that Taluk who hold landed property in it contrary to the orders of Government in regard to public servants holding land, and reporting that the officials have been transferred to other Taluks and directed to obtain the requisite sanction.

No. 4034-41—CIR. 77, DATED 24TH JULY 1890.

ORDER THEREON.—The statement received with the above will be recorded.

2. The standing orders on the subject of Government servants holding lands are, it is apprehended, generally disregarded. The attention of the Deputy Commissioners is drawn to the Rules in question, in order that their observance may be strictly enforced, and the public servants employed in the various Departments under their control may be warned that any omission on their part to give full and correct information prescribed by the Rules will render them liable to punishment.

ORDER THEREON.—In the first letter read above, the Deputy Commissioner, Hassan, enquired whether buildings, in which British Post Masters live, the Post offices being also located in the same buildings, are liable to the Mohatarfa house tax. The Deputy Commissioners of Bangalore, Mysore and Shimoga were requested to report the practice prevailing in their Head-quarter towns and the other letters recorded above are in reply.

2. The Deputy Commissioner of Mysore states that no house tax is generally charged on buildings in which Post Masters live, if the Post office is held in the same buildings; but that in some Municipalities in the French Rocks Sub-Division the tax is charged, where Post offices are held in rented private houses. In the Head-quarter Municipalities of Bangalore District it is stated that no tax is charged on buildings occupied by Post Masters and used as Post offices as well; but that in Dodballapur, Kankanhalli and Magadi, the tax is levied as the houses occupied are rented ones. In Shimoga, it is stated that the tax is charged on the house in which the Post office is held and also occupied by the Post Master, as the building is a private house rented by the Postal authorities.

3. Under the Municipal Regulations in force in the Cities of Bangalore and Mysore, buildings used as Public Government Offices are exempt from taxation, but such exemption is only intended to apply to office buildings constructed at the expense of Government, but not to private houses rented by Government for office purposes. Private buildings are liable to the tax and no exemption can be claimed in their favor, simply on the ground that they are rented out to Government for office purposes instead of to private individuals. They must all, therefore, be charged with the tax, whether they are solely occupied for office or partly for office and partly for the habitation of the Post Master. Government buildings used for office purposes should alone be exempted even though the Post Masters may live in them.

ORDER THEREON.—In 1888—89, the Presidents of the several Municipalities were called upon to report the arrangements now existing for the audit of accounts of the Municipalities and the letters recorded above are in reply.

2. The President of the Bangalore City Municipality reports that no system of audit has been hitherto introduced as the monthly and yearly accounts are forwarded to the Comptroller after they are passed by the Board; but that the Board have recently passed a Resolution to the effect that the accounts should in future be audited quarterly by a competent Accountant appointed by the Comptroller. In the District Municipalities, the Deputy Commissioner states that no separate audit is necessary as the money transactions in them are small and as disbursements are made under due check on vouchers.

3. The District reports show that the Municipal accounts are examined superficially by irresponsible officials of the District and Sub-Division offices and that there is no regular system of audit.

4. Section 33 of the Municipal Regulations for the City of Mysore lays down that the accounts of Municipal Commissioners shall be audited by such person or persons as the Government shall appoint and there is a similar provision in the Regulation for the City of Bangalore. The Government consider that the accounts of these two Municipalities and of all the other Head-Quarter Municipalities should be regularly audited once a year, and the Comptroller is accordingly requested to depute one of his Accountants annually to audit the accounts in the several Head-quarter Municipalities and report the result to Government. Any special allowance to the Accountant so employed which the Comptroller may recommend will be charged to the several Municipalities rateably.

5. In regard to the minor Municipalities, the Deputy Commissioner of each District will depute an Accountant of his office and have the accounts of each Municipality audited once a year and submit a special report of the results to Government. The audit should be thorough and each item of receipt and charge should be checked with the vouchers, and care should be taken to see that no expenditure has been incurred without due authority and provision in the Budget.

Vouchers may be destroyed 2 years after audit.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 15th July 1890.

READ —

Memo dated 26th March 1890 by the Chief Engineer of Mysore on the Preliminary Issue of the Public Works Budget Estimates for the year 1890—91.

The Budget estimates of the Public Works Department for 1890—91 aggregate Rs 26,54,000, or Rs. 2,45,000 less than the final grant for 1889—90. These estimates comprise the following funds :—

	Rs.
Provincial Revenue	20,00,000
District Funds	5,05,000
Provincial Irrigation Funds	1,45,000
Palace Fund	4,000
Total ...	26,54,000

Provincial.

2. The grant for this budget has been fixed at 20 lakhs, being one lakh less than that sanctioned for 1889—90. Of this amount, Rs. 10,35,000 or a little more than one half, is for Irrigation works, and the same will as usual be treated as a grant-in-aid to "Provincial Irrigation Fund." The distribution of the Provincial grant over the several budget heads will be found in the Abstract, pages 2 and 3.

3 *Original.*—Under "Military," it has not been possible to allot more than Rs. 19,000, considering the demands for other works. Provision has been made, at the instance of the Military Secretary, for a line of huts for the Barr Sepoys stationed at Mysore, and for re-constructing the Barr Lines at Shimoga which are reported to be in a dangerous condition. Three incomplete works of 1889—90, [as detailed in Part I of Budget] have also been provided for. A sum of Rs. 3,000 for original minor works, and Rs. 5,000 under "Repairs" have been reserved, making the total grant for "Military" Rs. 24,000 against Rs. 34,000 for 1889—90.

4. Under "Civil Buildings," Rs. 1,52,000 have been provided against Rs. 1,94,000 of previous year. Of this amount, Rs. 96,000 go for incomplete major works of 1889—90, Rs. 18,000 for 11 new works and Rs. 38,000 for minor works.

The grants assigned for the various classes of major works under this head are summed up as follows :—

	Rs.
Educational buildings	20,500
7 new Taluk Cutcherries and improving & extending buildings ...	32,000
Medical	21,500
Constructing Public offices and Hindu visitors' quarters at Mysore ...	13,000
Additions and improvments to District Head-quarter offices ...	10,000
Judicial	1,000
Police Stations and Lines	10,000
Other Public Buildings, *viz.*, improving Government House at Chikmagalur, constructing Barr Lines at Hariharpur, and Quarantine camp at Bangalore	6,000
	1,14,000
Reserve grant	38,000
Total.....	1,52,000

Of the reserve grant of Rs. 38,000, Rs. 10,000 will be given for new Police Stations and lines, &c., in the Province, in addition to Rs 10,000 provided for budget works, making the total grant for "Police" for the year Rs. 20,000. More money cannot be spared for new works, considering the requirements of the incomplete works of this class, which will also have to be provided for from the Reserve grant.

5. Under "Irrigation," the total charges amount to Rs. 10,35,000 (*viz.*, Rs. 8,35,000 for works and Rs. 2,00,000 for establishment), which will, as usual, be treated as a grant-in aid to "Provincial Irrigation Fund." Further remarks on Irrigation works will be found under paragraphs relating to the "Irrigation Fund."

6. Under "Communications," a sum of Rs 1,60,000 has been provided. Of this, Rs. 80,000 has been allotted for the two new bridges across the Tunga and Bhadra, and Rs. 16,900 for the completion of the several Travellers' Bungalows, Musafirkhanas and Inspection lodges already commenced, many of which will be got out of hand during the year. A few more new buildings of this class have been asked for by Executive Engineers, but owing to funds being limited, it has not been possible to provide for them; they must be over until 1891—92. The other works do not call for special mention. As the Tunga and Bhadra bridges will be completed during the next working season, it would have been desirable to have made provision for starting the new bridges over the Hemavati at Holé-Narsipur and over the Cauvery at Yedatore, the most important items of the Forecast Programme for "Communications," but the limited amount available and the numerous other pressing demands have necessitated the postponement for another year of these two great works.

7. "Miscellaneous Public Improvements"—Provision for the year is Rs. 96,000. Large allotments have been provided for Exhibition Building in Lal-Bagh at Bangalore, eastern frontage of General Market at Mysore and for Settling Tank in connection with the permanent distribution of water from the Kukarhalli reservoir; also for the drainage and water-supply of the Town of Shimoga. Should the projects for the last two works be sanctioned during the early part of the official year, more money than has been provided will be required, and application for an additional grant will be made. Provision has also been made for improving the Fort and Gordon Park at Mysore, and for levelling the north-east Glacis of Fort, and laying out and planting the Glacis already levelled. Such important projects as the water-supply of the towns of Chikmagalur and Tumkur have had to be omitted for want of funds.

8. *Repairs.*—The total provision under this head is Rs. 3,31,000 against Rs. 3,35,5000 for 1889—90—"Communications."—Of the Rs. 2,80,000 provided, no less a sum than Rs. 2,45,535 is required for the maintenance of the 1,730 miles of main and branch roads in the Province. The mileage allotments for the several roads are the same as those for previous year, excepting that for the Cuddapah road Railway Feeder, the mileage for which has been increased from Rs. 120 to 150. The mileage rate for the portion of Bangalore-Hindupur road in Kolar, which was temporarily reduced from Rs. 120 to Rs. 50 in Final Budget for 1889—90, on account of special work carried out under an estimate of Rs. 22,358, has now been increased to Rs. 120. These increases are necessary to allow of the roads on which there is heavy traffic being properly maintained. The balance Rs. 34,465 is reserved for such special repairs as the Provincial roads may require, for which the annual mileage allotments cannot be expected to provide; also for the maintenance of the Travellers' Bungalows, Musafirkhanas, &c., in the Province.

District Funds.

9. The grants for the several districts have been fixed, as usual, on the estimated annual receipts, less the arrount audited by the Comptroller. It will be seen from the Abstract Statement furnished by the Comtroller (pages 6 and 7), that the amounts available for expenditure by this Department from the above source, in the several Districts, aggregate Rs. 4,46,000.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 15th July 1890.

10. The grants for Shimoga, Kadur and Hassan Districts having been found insufficient to meet the actual requirements of those districts, it is proposed for sanction that special grants, aggregating Rs, 59,000, be given from the District Fund assets at credit of the respective districts, for the following works :—

	Rs.	Works.	Establishment.	Total.
Shimoga Division.—Available assets	1,49,999			
Bridging the Kumadvati river at Gabbur on Shimoga, Sorab-Sirsi Road ...		15,000	3,400	18,400
Kadur Division.—Available assets ..	78,198			
Opening out Railway Feeder from Lingadahalli to Birur		5,000	1,150	12,300
Bridging Tarikere-Hosdurga road ...		5,000	1,150	
Hassan Division.—Available assets ..	1,66,503			
Bridge across the Yegachi river at Belur		23,000	5,300	28,300
			Total.. ...	59,000

It may be noted here that for the last named work, large special grants have been sanctioned from Local Fund General during 1887—88, 1888—89 and 1889—90. These grants have not been fully utilized during the first two years for reasons given in the Administration Reports of those years, and the unexpended balances of those grants have been credited to the assets of the Hassan District.

11. The total District Fund Budget grant, inclusive of the above Special grant of Rs. 59,000, will now stand at Rs. 5,05,000, or Rs. 21,000 less than grant for 1889—90. The distribution of this grant by service heads and by Divisions is given in Abstract pages 8 and 9. The works entered in the detail budget have received the approval of the Local Fund Boards of the respective Districts. Some new roads have also been provided for at the suggestion of the Local Fund Boards; but estimates for the same will not be sanctioned until their feasibility and usefulness have been fully considered and decided on.

12. The question of opening out roads in the south-western part of Sagar Taluk (Shimoga District) is now under the consideration of Government on a detailed report submitted by this office. An allotment of Rs. 4,000 has been provided for the preliminary operations required in connection with the surveying and laying out of the projected lines, *viz.*, (1) from Avinhalli to Karur, and (2) Talguppa to Manasagar.

13. Under "Repairs Communications," the provision is slightly in excess of that for the previous year, on account of the mileage allotments of some of the most important District Fund roads having been increased for their efficient maintenance.

Provincial Irrigation Fund.

14. The total grant for this budget, including the grant-in-aid of Rs. 10,35,000 from Provincial funds referred to in para 5, amounts to Rs. 11,80,000 against grant of Rs. 12,50,000 for the previous year.

The total assets under "Irrigation cess," available for expenditure during 1890-91, as per Comptroller's statement (pages 6 and 7), aggregate only Rs. 1,45,135 and after deducting the proportionate charges for establishment, only Rs. 1,17,000 are available for repairs. This amount being too small to meet requirements under "Repairs," it is proposed to allot a sum of Rs. 55,000 to that head from the grant-in-aid referred to above, instead of devoting the entire amount to Original Works, as has hitherto been usual.

15. The grant for Original Irrigation Works Budget (Part I) is fixed at Rs. 7,80,000 providing for no less than 216 major works. Many of the new works brought forward by Executive Engineers under this head have been rejected for want of funds, and pending further investigation as to the necessity for them. Moreover, it is desirable that the large numbers of sanctioned works which have been in hand for some time should be completed before starting many more new ones. The necessity for this will be impressed on Executive Engineers.

16. Large allotments have been assigned for the 3 new reservoirs in Kolar Division (Ramasamudra, Venkatesasagara and Srinivasasagara), the Borankanave works in Tumkur Division, the Sulekere tank restoration in Mysore Division, and improving and extending the Rampur and Hulhalli channels in Ashtagram Channels Division The estimate for the last named work is now under the consideration of Government. A sum of Rs 10,000 has been provided for the Rekalgere tank works, item No. 115, which are nearing completion. Similar allotments have been given for the Kurihalli and Handenhalli tanks, Items 89 and 90, and for extending Ramaswami channel, and improving Maddur Ane channel in Mysore Division, Items 133 and 135 For Ramasamudram Channel improvements, Item 156, an allotment of Rs. 13,000 has been assigned, and Rs. 5,000 for widening the Ramasamudram and excavating the Tippur and Keggeri branch channels, also Rs. 10,000 for extending the Mirle Channel, a new project now under investigation. The Danavadi tank and Sogal amcut and channel, Items 163 and 170 in Shimoga Division, have also been given a sum of Rs 10,000 each. More money than has been given will apparently be required for some of these works; but this will be looked into in the course of the year, as the works progress. No provision has been made for the Kalnathpur amcut and channel, as the project for the work has been reserved by Government for further consideration.

For minor irrigation and incomplete works, Rs. 40,700 have been provided in the budget, which will give an average amount of Rs. 4,500 for each Division.

17. Establishment.—The total charges under this head aggregate Rs. 5,12,000 or Rs. 6,000 more than for 1889—90. The excess is chiefly due to the increased salaries sanctioned by Government for the Sanitary Engineer of Special Improvements Division, and the Examiner, Public Works Accounts, and his office establishment, also to a slight increase in the money limit for the Channel Conservancy establishment. *Vide* Part III of Budget. The total establishment charges are 19·3 per cent on the total budget grant of Rs. 26,54,000 or 1·3 per cent more than the percentage for 1889—90. This is due to the reduced budget grant for the year under notice, and also to the charges for the salaries of Tank Inspectors, against which there is no corresponding set-off under "work," as the greater part of the repairs is done by the raiyats themselves under the control of the Inspectors. The percentage on the grant for works alone comes to 23·9 against 21·4 per cent of previous year.

The rateable distribution of the establishment charges to the several budgets is as follows:—

					Rs.
Provincial Fund	19 per cent	...	...	...	1,87,000
Provincial Irrigation Fund	1[illegible]	...	...	...	2,28,000
District Funds	[illegible]	...	...	...	97,000
				Total.....	5,12,000

General Remarks.

All the important original works in connection with the Palace Buildings at Bangalore having been completed, no separate budget under "Palace Funds" has

been prepared this year. The Executive Engineer, Bangalore Division, asks for a grant of Rs. 4,000 for minor works and repairs that may be required to the existing buildings during the year. This amount has been entered in Abstract pages 2 and 3, and estimates to that extent will be sanctioned on requisitions by the Executive Engineer.

In case sanction should be accorded during the course of the year to the extension of the State Railway by the Mysore Public Works Department agency, a portion of the charges in this budget for "Direction" will become fairly debitable to Railway grant, and the proposed expenditure under establishment will be relieved "protanto," leaving more funds available for works by re-appropriation.

No 3163-88—469-94, DATED 15TH JULY 1890.

ORDER THEREON.—The Government approve of the Budget generally; and in the circumstances mentioned in para 6 of the Chief Engineer's Note, the postponement for another year, of the two important works comprised in the forecast programme, *viz.*, the bridges across the Hemavati at Holé-Narsipur, and across the Cauvery near Yedatore, is also approved.

II. With regard to the "Irrigation Fund," the assets under which are shown in the Comptroller's statement to be only Rs 1,45,135, the Government observe that there has been an error in the accounts, by which collections in some Districts, on account of the Irrigation Fund, have been mixed up with Land Revenue proper. It is necessary to correct the error, and grant redress to the Irrigation Fund. For this purpose, the amount devoted to irrigation works from Provincial Funds will be treated as made up partly of grants from Provincial, and partly of refunds to Irrigation Fund, until the balance is restored to the requisite extent. The exact extent to which redress is necessary cannot now be determined for the Budgets of 1890—91, but three lakhs will be taken as the refunds for this year, and the Public Works Budget grant will be made up as follows:—

Provincial Funds	...	Rs.	17,00,000
District Funds ..	...	„	5,05,000
Provincial Irrigation Fund	...	„	4,45,000
Palace Fund ...	..	„	4,000
	Total.. ...	Rs.	26,54,000

III. The high percentage of establishment, *viz.*, 42·3 budgetted for in the Ashtagram Channel Division (*vide* page 5 of Budget) is unsatisfactory. It is due to no provision being made for a large project which it was intended to undertake this year, but which has now to be postponed. Endeavours should be made, in the course of the year, to reduce this charge to the establishment rate prevailing in other Divisions.

IV. With the above observations, and subject to the modification ordered in para II, the Budget Estimate is sanctoned by Government.

By Order,

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Government of Mysore, P. W. D.

JULY 1890.

1	3565—113.	15th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2147 of 8th January 1890. *Appellant.* *Vs.* *Respondent.* Chikka Honnaiya, residing in Echanur Village, Tiptur Taluk, Tumkur District. — Dodda Honnegauda, Tiptur Taluk. This is an appeal against the order of the Deputy Commissioner of the Tumkur District, 214, appointing Respondent as Patel of Kodi- to which the Appellant objects. *Decision.*—It was admitted by the Appellant elf that Kodihalli Village had been Bechirakh early a quarter of a century, and the lands of illage were also lying banjar during this period. The Registers of 1864 and 1875 do how that there was any Hakdar Patel for the ge in those years. The right of the Appel- or of his ancestors, if any, had become extinct he village having been long deserted and depopulated. It was only in 1889 some of the raiyats began to build houses in the village, and the Deputy Commissioner appointed a new Patel. As Appellant had no preferential right to the office, the Government declined to interfere with Deputy Commissioner's order.
2	3571—117.	Do	The Deputy Commissioner of the Hassan District.	Appeal No. 1840 of 21st November 1889. *Appellant* .. Rangaiya, Shanbhog of Korahalli Firka, Hassan Taluk. This is an appeal against the order of the Deputy Commissioner of the Hassan District, No. 1486, dated 24th August 1880, appointing one Krishnaiya as Shanbhog of the Korahalli Firka.

Serial No.	Proceedings. No.	Proceedings. Date	Proceedings. To whom sent.	Subject and Order.
				The facts are briefly these :— The appellant Rangaiya, who was the Shanbhog of Korahalli Firka, Hassan Taluk, fell ill in 1879—80, and, being unable to perform his duties, was removed from office. One Krishnaiya, the Shanbhog of the neighbouring Shankam Firka, was appointed to officiate for the Appellant, who now complains that he was unjustly deprived of his office, and that his request for the transfer of the baravard in the name of his sister's grandson, whom he intends to adopt as his son, and for the appointment of a Gumasta for the performance of the duties, was not complied with. The case was remanded for enquiry as to whether Krishnaiya and the Appellant are distant cousins having no joint interest in Korahalli Firka, and if so, the Deputy Commissioner was directed to restore the charge to Appellant on his nominating a qualified person to act as his Gumasta. The Appellant's request, for the transfer of the baravard in the name of a minor, who has not actually been adopted, was considered inadmissible.
3	3744—128.	15th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2864 of 26th March 1890. *Appellant* .. Venkatesaiya of Gulur, Tumkur. Petitioner was found guilty of carrying supari without paying duty and the smuggled goods were ordered to be confiscated and sold, but the sale has not yet taken place. The estimated value of the supari seized is Rs. 122—8—0 and the duty, the payment of which was attempted to be evaded, is Rs. 19—8—10. Petitioner stated that he did pay the duty, but that by some mismanagement the Rahadari did not go with the cart which carried the article. On a perusal of the record, the Government were unable to believe that there was no intention on the part of the Petitioner to evade the duty. Considering however all the circumstances of the case, the Government considered that it would be sufficient if a penalty equal to twice the duty be collected from him in addition to the duty already paid, and accordingly directed the

				Deputy Commissioner to levy from Petitioner Rs 39—1—8 and restore to him the supari seized.
4	3757—120	15th	The Deputy Commissioner of the Hassan District.	Petition No. 385 of 29th May 1889. *Appellant.* *Vs.* *Respondent.* Surya Narayana Hebbar. Boregauda. For arrears of revenue, Field No. 115 in the village of Kausika in the Taluk of Hassan was sold in auction, and Surya Narayana Hebbar, purchased it in February 1884. The sale was duly confirmed, but in the sale notice and certificate No. 184 was entered as the land sold instead of 115. The boundaries given in the sale notice, however, clearly refer to No. 115 and not to No. 184. The purchaser in auction, who acknowledged the delivery of the property in July 1884, took no action till August 1886, when he complained that he could not get possession of the land owing to the erroneous entry of the number in the certificate, and on 27th October 1886, the Deputy Commissioner ordered the Deputy Amildar to rectify the mistake, which was done. Then the purchaser attempted to enter on land No 115, upon which Lingappa and Boregauda complained to the Deputy Commissioner (in November 1886), that No. 115 had been purchased by them in 1878 and that ever since they regularly paid the assessment thereon; and that its sale for arrears of revenue due by another individual was wrong. Their contention was established. The Deputy Commissioner being unwilling to disturb their possession recommended the sale to be cancelled. The purchaser in auction, who appeared in person, expressed his willingness to allow the sale to be cancelled if Devegauda, son of Boregauda who is dead, paid him Rs. 50 for the costs incurred by him, and Devegauda accordingly agreed to pay the sum into the Taluk Treasury within 12th July. The Deputy Commissioner was therefore requested to cancel the sale after recovering the amount of Rs. 50 from Devegauda and paying it to Surya Narayana, Hebbar. Lingegauda did not appear at the hearing, but this settlement will in no way prejudice his rights. The Deputy Commissioner was requested to register the land in the names of the proper persons who are in actual possession.

5	3773—176.	15th	The Deputy Commissioner of the Bangalore District.	Appeal No 1139 of 23rd August 1889. *Appellant* . Nanjundaiya of Raghapanhalli In 1880 Petitioner, who is a raiyat, requested that a waste field No. 16 (acres 25—25) of the neighbouring Bechirakh village of Tippasamudra may be granted to his village for free pasturage, as the extent of free pasturage granted to his village was small being only 12 acres, while the village had a large number of cattle. This was accordingly granted with a remark however that the grant does not affect the right of Government to take the land back for any purpose for which it may be required and that the persons usually grazing their cattle on the land may continue to do so. Though the land was thus transferred for free pasturage, Petitioner is stated not to have used it for grazing purposes In 1889, one Ramanna applied for No. 16 above referred to on assessment for cultivation The land was then sold in public auction and it was purchased by Ramanna. The assessment on the land was fixed at 9 annas an acre. Petitioner complains that the land ought not to be granted on darkhast, as it had been given to him for free pasturage in 1880. The raiyats of Tippasamudra request that the land may be given to them free of tax or on assessment and that the sale should be cancelled Petitioner has no right whatever to the land It was given to him for grazing purposes and the Government cannot forego their claim to the revenue when there is an offer for the same. The action of the Deputy Commissioner is therefore confirmed.
6	3817—125.	Do	The Deputy Commissioner of the Kadur District.	Appeal No. 1032 of 15th August 1889. *Appellant.* *Vs.* *Respondent.* Subba Rao of Madabur, Koppa Taluk, Kadur District. Lakshmamma. This is an appeal against the order of the Deputy Commissioner of the Kadur District passed in November 1888 directing the removal of Appellant from the office of Shanbhog of the

				villages of Konekere Firka and ordering one Sitaramaiya to do duties of that Firka as well as those of his own. Respondent's husband Ramaiya was the Shanbhog of Konamkere and other villages. He became mad in 1877 and his uncle's son the Appellant was appointed to do duties till Ramaiya was restored to sanity. In 1886 the villages were divided into 2 Firkas, one (Konekere) was registered in the name of the Appellant, the other (Madabur) in the name of his cousin Sitaramaiya. In 1888, on the complaint of the Respondent, the Deputy Commissioner issued an order to the effect that, the Respondent's husband being the Hakdar, the Appellant and Sitaramaiya should be informed that their continuance in office will depend upon their affording a reasonable maintenance to Ramaiya and his wife. The Respondent complained that the Appellant failed to give her maintenance and has also caused much injury in other ways and requested that he might be removed and her brother Venkappa appointed in his stead. The Deputy Commissioner accordingly ordered, in November 1888, the removal of Subba Rao, the Appellant, and called for a further report in regard to the qualifications of Venkappa and, pending the receipt of the Amildar's report, Sitaramaiya was ordered to do duties for both the Firkas. The present appeal is against this order. The Appellant claims the office as a member of the family and agrees to pay Respondent annually half the Potgi allowance, *i. e.*, Rs. 45—6—0 per annum and also the arrears of maintenance amounting to Rs. 499—2—0 at Rs. 35 per annum and also agrees to the total sum of Rs. 80—6—0 being paid to her by Government officers from his Potgi allowance annually; but the Respondent refuses to accept the terms as she has no confidence in the Appellant. It is clear from the records that Appellant holds the office in trust for Ramaiya, the husband of the Respondent, and as such he was bound to have provided suitable maintenance to the Respondent. He having failed to discharge his duty

				in that respect, and as the Deputy Commissioner also states that Appellant does not himself perform the duties of his office but allows them to be performed by Sitaramaiya, the Government are not disposed to disturb the order of the Deputy Commissioner. The appeal is rejected. Ramaiya will continue to be registered as the Hakdar and a suitable Gumasta agreeable to the wishes of his wife appointed in lieu of the Appellant.
7	3784—130.	17th	The Deputy Commissioner of the Tumkur District.	Appeal No. 115 of 15th April 1890. *Appellant.* *Respondent.* Javarayappa of Budihal, Huliyar Sub-Taluk. *Vs.* Nanjundaiya. The facts of the case are these:— Prior to the Potgi Settlement Respondent was Shanbhog of 12 villages, which in the Pakka Potgi Settlement were divided into 3 Firkas named in the margin. To the first named Firka, Appellant who was the husband of the Respondent's sister was appointed, and for the 2nd Firka, the Appellant's son Hanumanta Rao, a minor, was appointed, both with the consent of the Respondent, and to the 3rd Firka Respondent was appointed. This was in 1877. One Ramakrishnaiya was appointed to do duties for the minor Hanumanta Rao. 1 Huliyar Firka 4 villages 2. Tamadihalli 4 „ 3. Dodda Bidre 4 „ **In 1878, Respondent was dismissed, he having been convicted of embezzlement and sentenced to 18 months' imprisonment, and a stranger named Gangaiya was appointed in his place.** **Hanumanta Rao, the person in whose name the 2nd Firka was registered, died in 1879 and his father, the Appellant, claimed registry in his name. The Deputy Commissioner ordered the Gumasta Ramakrishnaiya to continue to do duties and called upon the Amildar to report further in the matter. *Vide* Deputy Commissioner's order, dated 6th November 1879, No. 1769.** **Ultimately, in January 1890, the Deputy Commissioner appointed Respondent's son Venkatraya to the 2nd Firka. Respondent is still alive.** **Appellant appeals against this order.**

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				The Appellant states that the Hak originally belonged to him and not to the Respondent and that the latter, having been dismissed in a serious criminal case, has no right to the office. The Respondent relies on the Pakka Potgi Register, in which his name is recorded as the Hakdar and the Appellant's son shown as having been appointed with his (Respondent's) consent. So far as the public Registers go, there is no doubt that Respondent is the Hakdar, and the Government have no objection to the office being registered in the name of his minor son, but the Respondent, who was dismissed from office for embezzlement of Government money, cannot be allowed to do duties or appoint a Gumasta on his behalf. The Appellant should be allowed to nominate a Gumasta and discharge the duties during the lifetime of Respondent after which the registered holder may be allowed to do duties, or, if he still continues to be a minor, a suitable Gumasta may be appointed on his behalf. If the Appellant considers that he has a title to the office irrespective of the appointment made at the Potgi Settlement with the consent of the Respondent, he should establish it by a regular suit.
8	3704—50.	18th	The Deputy Commissioner of the Chitaldroog District.	Appeal Petitions Nos. 926 and 1016, dated 31st July and 13th August 1889, respectively. *Appellant* .. Subbegauda, Patel of Ikkanur, Hiriyur Taluk. This is an appeal against the order of the Deputy Commissioner, Chitaldroog District, fining the Appellant for having cut and removed Tangadi bark on Government lands. The proceedings showed that Appellant was guilty of permitting unlawful cutting on Government waste land. As Patel, he was bound to prevent this. The Deputy Commissioner's order was confirmed and the appeal dismissed.

9	3710—126.	18th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2673 of 6th March 1890. *Appellant* .. Lingala Gauda of Muganayakankote, Gubbi Taluk, Tumkur District. Petitioner sued to establish his right to act as a Gumasta during the minority of one Lingegauda, the registered Patel of the village of Muganayakankote. The Deputy Commissioner dismissed the suit on the ground that it is not desirable to appoint Appellant as Gumasta as he is setting up a right in opposition to that of the minor. The Government are of opinion that no suit can lie for the office of a Gumasta and that the suit was properly dismissed. Appeal rejected.
10	3823—130.	do	The Deputy Commissioner of the Kadur District.	Appeal No. 1329 of 23rd August 1888. *Appellant* .. Siddalinga *bin* Adi of Somekatte, Chikmagalur Taluk, Kadur District. This is an appeal against the order of the Deputy Commissioner of the Kadur District, No. 111 of 18th July 1888, stating that the order passed by the late Deputy Commissioner, 1879, transferring certain lands from the khate of Dasa to that of Patel Hanumegauda, will remain in force until cancelled by competent authority. The facts of the case were briefly as follows:— The original khatedar was Dasa who deserted the village during the famine of 1877—78. His whereabouts were not known. Ever since his desertion, the land in dispute was in the possession of the Patel Hanumegauda who had been cultivating it and paying the Government assessment on it. In 1879, the transfer of Patta from the name of Dasa to that of the Patel Hanumegauda was directed by the Deputy Commissioner, but the order, however, was not carried out by the Shanbhog. 2. In 1885—86, the Shanbhog brought up the case for the decision of the Jamabandi Officer, making no reference to the decision of 1879, stating however the fact that the khatedar was ab-

				sent and that the land was in the enjoyment of the Patel who was paying the Government demand on it. After enquiry into the claim set up by the Appellant for the land on the ground of his alleged relationship to the original Khatedar Dasa, the Jamabandi Officer directed the transfer of Patta to his name; but the order of 1879 was not apparently brought to his notice. 3. In appeal the Deputy Commissioner directed that the order of 1879 should be enforced and set aside the Jamabandi Officer's order of 1885—86 which was in favor of the Appellant. Held that the order of the Deputy Commissioner was just. The Patel was in possession since 1879—80 and the khatedar's whereabouts were not known; nor was there strong or satisfactory evidence that the Appellant was his legal heir. Appeal dismissed. Appellant is however at liberty to establish his right, if any, in a competent Civil Court.
11	3777-179.	19th	The Deputy Commissioner of the Bangalore District.	Letter No. 381, dated 23rd August 1889, from the Deputy Commissioner of the Bangalore District, soliciting orders of Government to withdraw an order passed by the late Deputy Commissioner prohibiting one Ghouse Sahib from building a house on a piece of land stated to form a portion of the Makan ground of Mastan Sahib's Darga in the Town of Bangalore, and of which he (Ghouse Sahib) and his ancestors have had adverse possession for a long time. *Decision.*—The land in dispute may be Makan land; but it is admitted that Ghouse Sahib and his ancestors held the land and hold it now and the adverse possession is upwards of 30 years old. The Deputy Commissioner of Bangalore (Major Macintire) having objected to the construction on the site in question, Ghouse Sahib has given notice to Deputy Commissioner of his intention to file a civil suit. The order of Major Macintire cannot be supported and will therefore be withdrawn. 2. The Makandars or parties interested may establish their right, if any, in a competent Civil Court and move for an order restraining Muhammad Ghouse from building on the land;

				but an executive officer of Government is not competent to interfere in such cases and assume the functions of a Civil Court.
12	3756—119.	21st	The Deputy Commissioner of the Hassan District.	Appeal No. 192 of 5th May 1890. *Appellant.* — Sivananjegauda of Hiresave, Channarayapatna Taluk, Hassan District. *Respondent.* — Nanjundegauda. Appellant's father was Patel of the village of Hiresave. He was dismissed in 1863 for neglect of duty and incompetency, and the Respondent's father was appointed apparently by the Amildar. On the death of Respondent's father, Respondent was appointed Patel formally by the Deputy Commissioner in May 1875. Appellant brought a suit in 1887 and the Deputy Commissioner dismissed it partly on the ground that the suit was barred by the law of limitation, and partly on the ground that the Respondent had a good title to the office. Petitioner appeals against this decision. The Government consider that the suit is clearly barred by the law of limitation and that there is no necessity for going into the merits of the case. The office was alienated from Appellant's family so long ago as 1863 and there is no satisfactory explanation for the non-institution of the suit till 1887. According to Appellant's own admission, he was 28 years old when he brought the suit and no reason is advanced why he did not claim the office for nearly 10 years after he attained majority. The only ground alleged is that he had been repeatedly petitioning for the office, but the earliest petition on record is only dated 1884 and this does not help him as the prescribed period of limitation had expired before that date. The appeal is dismissed.

13	4241—152.	23rd	The Deputy Commissioner of the Tumkur District.	Petition No. 1794 of 6th November 1889. *Petitioner* .. Murtappa of Kadagattur, Maddagiri Taluk, Tumkur District. On the 8th April 1888, the Amildar sold to the Petitioner a house site (36 yards) for Rs. 2—4—0 and ordered the Shekdar to make over the land to him (Petitioner). 2. Subsequently, that is on 18th May 1888, one Venkat Rao objected to the sale of the site on the ground that it was his private property and did not belong to Government. His contention having been proved and the purchaser not having paid the purchase money, the Deputy Commissioner cancelled the sale on 17th November 1888. 3. The Petitioner now complains against the cancellation of the sale, and states that he paid the purchase money on the 12th June 1888 to the Patel, and also dug a well on the land at a cost of Rs. 30 or 40. He produces the Patel's receipt to prove the payment The Amildar states that the purchase money was received in the Taluk on the 29th December 1888, and kept in deposit and that it had not been paid before the sale was cancelled. The Government observed that the Patel apparently antedated the receipt to strengthen the claim of the Petitioner and the Deputy Commissioner was asked to take due notice of his conduct Held further that the payment of the purchase money in June 1888 not having been satisfactorily established, the cancellation of the sale was proper, and the purchase money was directed to be refunded to Petitioner Appeal rejected. It was not clear how Petitioner came to dig a well on the land while the correspondence was going on. The Deputy Commissioner was requested to enquire into the matter and if satisfied that Petitioner dug the well under the *bonâ fide* belief that he became the owner of the land, to arrange for the payment of the actual cost by Venkat Rao.

14	4242—153.	23rd	The Deputy Commissioner of the Tumkur District.	Petition No. 2030 of 19th December 1889. *Petitioners.* .. 1. Kshetrapalayya. 2. Subbanna of Halkurki, Tiptur Taluk, Tumkur District. The first Petitioner's father and the second Petitioner's uncle, named Bhirappa, was originally the Shanbhog of the village. He was dismissed in 1841 in a case of bribery and a stranger named Venkatagiriyappa unconnected with the family appointed in his place. When and why Venkatagiriyappa was removed from the office is not known, but one Ramaiya who was also unconnected with the original family was appointed in 1842. He continued to do duties till 1883, when he requested that his son Narasinga Rao might be appointed in his place and a gumasta named Chikramanna appointed to do duties. The Deputy Commissioner refused to make the appointment but allowed the Gumasta to do duties for Ramanna. The latter died on the 20th April 1890. Petitioners request that the appointment may now be given to them. At the hearing the first Petitioner stated that his father who was dismissed in 1841 is still alive and the Government considered that it was not advisable to give the appointment to the son of the dismissed man while he is still alive. It was not known whether the second Petitioner who is the brother's son of the dismissed Bhirappa, was a divided or undivided-member of the family, and he did not appear at the hearing. Apparently he is an undivided member of the family. *Decision.*—Ordered that the office be registered in the name of the first Petitioner, but as he cannot be allowed to perform the duties of the office while his father is alive, Chikramanna do continue to perform the duties on behalf of the minor son of the deceased Ramaiya.

dated 25th January 1888, deciding that land No. 155, which is a Katte or pond, should not be entered in Petitioner's Patta as the pond was the property of Sirkar and not of the proprietors whom the Petitioner represents.

The facts are these :—

One Subbammanni, daughter of the late Dewan Venkate Ars, held the lands noted in the margin and also some more dry lands, all of which were sold under the orders of His Highness the Maharaja on behalf of the owner in 1883 for Rs. 3,351. The purchasers Annaiya Pandit and Narayana Sastri resold the lands to Petitioner in 1886.

In 1888, a question arose whether No. 155, which is a Katte or pond, should be entered or not in Petitioner's Patta, and the Deputy Commissioner decided, on the 25th January 1888, that it should not be, as the accounts showed that the pond was the property of Sirkar and not of the proprietors whom the Petitioner represented.

The present appeal is against this order.

There was nothing to show by whom the pond in question was constructed, but in the order issued by the Assistant Commissioner incharge of the Palace in June 1883 to Annaiya Pandit and Narayana Sastri, it is clearly stated that the sale included the Pond No. 155, and, in the sale deed executed by the above mentioned individuals to the Petitioner, this No. 155 is also entered as having been sold. The entries in the accounts, however, are conflicting. In the accounts of Kalayukti (1858—59) and Plavanga (1847—48) No. 155 is entered as belonging to Venkataraya Ars, while in the accounts of Durmuti (1861—62) and Dundubhi (1862—63) it is entered as "Sirkar," and in the accounts of Siddharti (1859—60) as Parambok. As regards enjoyment there was no proof that it was exclusively enjoyed by the former owners, the water in the pond having been used by all the villagers indiscriminately. The villagers now object to the pond being treated as the exclusive property of Petitioner, as such a measure would inconvenience them.

By whomsoever the pond might have been originally dug, it was clear that it was regarded

				as private property when it was sold in 1883 under the orders of His Highness the Maharaja and there were also old accounts which supported that view. The Government did not therefore think it proper to refuse to treat it as the private property of the Petitioner on the mere ground that in some accounts it is entered as Sirkar or Parambok. From the mere fact that the water in the pond was used by the villagers it cannot be presumed that it was not private property, as private owners of ponds do not generally object to the water being used by the people. The pond in question was ordered to be included in the Patta of the Petitioner who must of course pay the assessment due on it
16	4132—141.	24th	The Deputy Commissioner of the Shimoga District.	In his letter No. 712—611, dated 25th February 1890, the Deputy Commissioner of the Shimoga District requested reconsideration of the order of Government, dated 1st December 1887, No. 5440—99, passed in connection with a claim advanced by one Siddaiya to the Pateli Hak of Channadevankuppa. 2. The facts of the case were briefly these - In June 1883, one Tirkappa who was Patel of the village resigned the office and the emoluments attached to it, in favor of one M. Subbanna, who was unconnected with the family. Tirkappa's brother and cousins stated that they did not want the office and no others having claimed the office, though a proclamation was issued inviting claimants, the office was conferred on Subbanna in June 1883. In February 1884, one Siddaiya preferred his claim to the office, which was rejected on the ground that he failed to prove that he was related to the family of Tirkappa. On Siddaiya's appeal in 1886, the Government cancelled the appointment of Subbanna and directed the selection of a competent successor to Tirkappa out of his near relations. In 1887 on a petition presented by Subbanna the order of 1886 was cancelled, and his original appointment was allowed to stand on the grounds (1) that there was no evidence in regard to the real relationship of the claimant Siddaiya to the last Patel Tirkappa, (2) that he did not put forward his claim within the time allowed by the Proclamation and (3) that Subbanna, relying on the acceptance of the Razinama by Government, had spent much money on the land forming the emolument of the office. The

				Deputy Commissioner on the complaint of Siddaiya re-opened the case in 1889 and directed a further enquiry to be made by his Assistant, who after taking additional evidence found that the claimant Siddaiya was a distant Gnati (kinsman) of the family more remote in relationship than the Paldars (sharers) who have consented to the transfer. There was a conflict of evidence but according to the testimony of one Namamma whom the Assistant Commissioner was disposed to credit, it appeared that the last holder who resigned the office was the 4th descendant of the claimant's great grandfather. On the strength of this evidence, the Deputy Commissioner considered that the claimant Siddaiya had a better right to the office than the stranger Subbanna, and reported that Siddaiya was willing to pay Subbanna the sum of Rs. 90 spent on the land. The Assistant Commissioner also found that Subbanna could not have spent more than Rs. 90 on the land, and that it was incredible that he could have spent such a large sum as Rs. 300 as formerly stated by him. 3. The Government consider that although the present claimant has a better right than Subbanna, the person now holding the office, he is not such a close relation of the last holder as to justify the cancelment of the appointment of Subbanna made so long ago as 1883 with the consent of all the then known members of the family. The Petitioner's claim to prevent possession of the office will be rejected; but his case will be considered on the occurrence of a vacancy.

With his letter No. 249, dated 15th August 1889, the Deputy Commissioner of the Kadur District submitted for orders records regarding certain land belonging to one Doddamma of Nidgode, Chikmagalur Taluk. The coffee land in dispute was in 1866 obtained by the deceased Tippegauda who held it during his lifetime. After his death, his widow Doddamma was in possession and has been paying the Government assessment; she is rightly entitled to have her name registered in Government Books as the occupant of the land. In the Survey the land was, either by mistake or fraud, registered in the name of Dyavamma, a relation of the widow; Dyavamma admitted that she never owned the land, never was in possession of it, never paid its assessment, and that Doddamma was the real owner. Put up to do so however by

				her friends, Dyavamma declined now to resign the land in favor of Doddamma. The Deputy Commissioner referred the case for the orders of Government under Section 11 of the Land Revenue Code. The Government was satisfied that the entry in favor of Dyavamma was a mistake. The Deputy Commissioner was authorized to strike that name off and substitute that of Doddamma.

Guru Siddappa (*Plaintiffs*). 1. Murigappa 2. Guru Siddappa } sons of the 1 Respondent 3. Siddappa } (*Defendants*). This is an appeal against the decision of the Deputy Commissioner of the Chitaldroog District dismissing the Plaintiffs' suit for the recovery of the Pateh of Siddavanahalli of the Chitaldroog Taluk. The facts are as follows:— In the Pakka Potigi Settlement which took place on the 2nd June 1877, the 2nd Respondent was appointed Patel. He did work for 6 years after which his brother 3rd Respondent was appointed. The Plaintiffs and Defendants are unconnected with each other. The Appellants (Plaintiffs) alleged that the Hak belonged to them and that the Respondent usurped it. The latter pleaded that the right was theirs. The preponderance of the documentary evidence produced was in favor of the title set up by the Respondents. Apart from the question of title, the Court below dismissed the suit on the ground that it was barred by the law of limitation. The suit was brought on 17th June 1889 or 5 days before the expiry of 12 years from the date of the appointment made during the Potigi Settlement, and there was enough of evidence to show that the 1st Respondent held the office for a considerable long period even before the date aforementioned

				Held that the Appellant's long silence for nearly 12 years and the absence of any reliable evidence to show that any of the Appellants held the office at any time within the statutory period support the plea of limitation put forward by Defendants and that the suit was properly dismissed. Appeal rejected.
19	4228—195.	26th	The Deputy Commissioner of the Kolar District.	Appeal No. 996 of 1st August 1889. *Appellant* .. Kodligirike Muniyappa of Chintamani Taluk, Kolar District. Petitioner complained that a portion of house site in his possession was unjustly given to others, and that he himself was made to pay for a portion of the site. From the records of the case it appeared that a certain vacant land near the house of the Petitioner was ordered on 23rd May 1889, to be apportioned and the price thereof collected from the parties as noted in the margin. Petitioner contended that the whole land belonged to him and produced in support of his claim a Municipal Patta of 1871—72 which showed that the area of his house site was 114 ankanams; while the actual area left to him after deducting the land ordered to be sold was much less. Held that Petitioner was entitled to 114½ ankanams according to the measurement of 1871—72 and the remainder only should be sold to others. The Deputy Commissioner was accordingly requested to inspect the land again in the presence of the parties, make over 114½ ankanams to Petitioner, and distribute the remainder between Bairappa and Venkatesaiya, refunding to them such portion of the purchase money as may be in excess of the value of the site that may be allotted.

				the wet assessment of the land without water being given to him, and requests that the assessment may be remitted and be compensated for the loss he has incurred in preparing the land for wet cultivation. Held that it was hard that Petitioner should be compelled to pay water rate when Government are unable to provide him with the means of irrigation and Petitioner himself is unable to get water, owing to causes beyond his control. The Deputy Commissioner was therefore requested to remit the water rate for past years, and in future to collect the dry assessment only. The Petitioner is at liberty to relinquish the land, but he is not entitled to any compensation for having improved it as he did it on his own responsibility.

Petitioner fell into arrears and his lands were sold in a public auction on the 25th August 1889, the sale proclamation having been duly published on the 12th July 1889. Petitioner stated that the sale was irregular, because the land was sold along with the growing crop instead of the latter being sold separately, and that it was worth a great deal more than the amount (Rs. 36—8—0) it fetched at the sale. Petitioner further alleged that he offered to pay the money on the 29th August which was within 30 days from the date of the sale and requested under the circumstances that the sale may be cancelled. *Decision.*—The reasons assigned for invalidating the sale were considered by Government inadmissible. Sale confirmed and appeal rejected.

				Petitioner Lingegauda of Nagavara, Closepet Taluk.
				The facts of the case are these :—
				The entire ayakat under the Nagavara Tank was under *Batayi*, and when it was brought under *Nagadiyat*, the Deputy Commissioner finding that there were no *ulme* rights under the tank, ordered the sale of the lands by public auction. Notwithstanding this explicit order, the Amildar Shamaiengar and the Sheristadar Krishnappa granted certain lands in January 1885 to one Vishakantaiya on Darkhast, without selling them by public auction, or recovering any price from the applicant. The lands, however, were given as a temporary arrangement, and the Deputy Commissioner again ordered their sale in October 1886. In March 1887, Vishakantaiya complained to Government against this order and they † decided in May 1887 that though Vishakantaiya held the lands as a temporary arrangement, and had thus no ground for complaint, he might be allowed to retain the lands on payment of their value at the average rates at which lands were sold in the neighbourhood. This value Vishakantaiya paid and the lands were confirmed to him.

				†*Vide* Proceedings Camp No. 559, dated 19th May 1887.
				2. In July 1887, Petitioner Lingegauda complained that he was a prior applicant for the lands in question and had also *ulme* hak. On this the Government ‡ decided that the Petitioner's Ulme Hak could not be entertained, but that if he were a prior applicant, it was a question for consideration whether the lands should not be divided between him and Vishakantaiya, both paying the value of the land. With reference to this order, the Deputy Commissioner reported that Petitioner along with several others had applied for the lands in question prior to their grant to Vishakantaiya, that other lands under the tank have similarly been granted on mere application and that Vishakantaiya is not willing to effect a division of the lands in question between himself and Lingegauda. Under these circumstances the Deputy Commissioner recommended the sale of the lands in dispute, leaving Vishakantaiya to recover his loss, if any, from Sheristadar Krishnappa who is solely responsible for the gross irregularities connected with the grant of the lands.

				3. *Decision.*—On a careful review of the proceedings connected with the case, the Government were of opinion that the Deputy Commissioner's proposal, if adopted, would lead to serious complications, and most probably also to frivolous and vexatious litigation. 4. As remarked in the Government Proceedings No. 1780—34, dated 5th July 1887, the *Ulme Hak* is not one that could be recognized. And the mere fact that an applicant for a land is the first Darkhastdar gives him no preferential right over other Darkhastdars. When there are two or more applicants for one and the same land, a public sale is generally ordered, not for the benefit of the first Darkhastdar, but to protect the interests of Government and to secure, if possible, the largest revenue by the sale of the land. If the first Darkhastdar is, for any reason, overlooked and the land granted to and put in possession of another person, either by the Amildar or the Deputy Commissioner, the person in possession should not be ousted, unless it is proved that the grantee obtained the land by fraud or collusion or under such circumstances as clearly disentitle him to it under the existing Revenue law or usage having the force of law. 5. In the present case, there was nothing to show that Vishakantaiya, at the time he applied for and obtained the lands in dispute, knew or had reason to believe, that there were prior applicants; and even if he had such knowledge or belief, he was not bound to bring the same to the notice of the Revenue authorities. It was for the Amildar to have satisfied himself, by local enquiry and reference to his office records, that there were no other Darkhasts, before he accepted Vishakantaiya's application. 6. Vishakantaiya has now been in possession and enjoyment of the lands in question for the last 5 years, and he has, as reported by the Sub-Division officer, put himself to considerable expense in improving them. He has also paid to Government the average price fixed on the lands. 7. Under such circumstances, the Government were pleased to decide that Vishakantaiya's possession and enjoyment of the lands in dispute shall not be interfered with and that Lingegauda's appeal be rejected. 8. As regards other lands under the tank which have been granted on mere application and

				without sale, the Deputy Commissioner was requested to confirm them to the present holders or their paying the average price thereof in the same manner as Vishakantaiya. The remaining lands under the tank should be sold on receipt of applications therefor
23	4104—190.	26th	The Deputy Commissioner of the Bangalore District	This was a reference made by the Deputy Commissioner of the Bangalore District in his letter No. 279, dated 22nd July 1889, recommending the restoration, to the office of Shanbhog of Bannikuppa and five other villages in the Kankanhalli Taluk, of one Venkatasubbaiya who was convicted of Criminal Breach of Trust. ORDER THEREON.—Venkatasubbaiya, Shanbhog of Bannikuppa and five other villages in the Kankanhalli Taluk, was dismissed from his appointment in consequence of having been convicted of the offence of Criminal Breach of Trust, and the office was registered in the name of a collateral heir, there being no direct heirs to the said Venkatasubbaiya. In consideration of the youth and inexperience of Venkatasubbaiya when he committed the crime, the Deputy Commissioner recommends his restoration to the appointment after a period of five years. 2. On a review of the proceedings connected with the case, the Government observed that there was no serious defalcation or embezzlement of Government money. The two sums which Venkatasubbaiya failed to remit to the Treasury immediately after they were recovered amount to Rs 3—8—0 and it is admitted, by the Magistrate himself who tried the case, that the omission to make a remittance forthwith was "due to a considerable extent to the stupidity and ignorance of the young man." After the death of his father, there was some confusion in the accounts and Venkatasubbaiya who was young and inexperienced was unable to do the work of all the 6 villages satisfactorily. The proceedings of the criminal case and the Magistrate's judgment show that the offence, of which Venkatasubbaiya was found guilty, was not such as would justify his being entirely deprived of the office. 3. The Government were accordingly pleased to direct that Venkatasubbaiya be restored to his appointment on the expiration of seven years from the date of his dismissal.

24	4243—154.	27th	The Deputy Commissioner of the Tumkur District.	In his letter No. 171, dated 11th July 1890, the Deputy Commissioner of the Tumkur District submitted a report on the petition of one Timmaiya of Hunsepalya, Gubbi Taluk, complaining that he had been dispossessed of eight tamarind trees standing on his land. On a perusal of the proceedings, the Government observed that the order issued by Mr. Cress that the trees should be reserved for Government was clearly wrong and directed its cancelment. The land in dispute originally formed part of Petitioner Timmaiya's field. He has been in possession and enjoyment of the trees since June 1874 or for more than fifteen years, and the Government could not summarily interfere with such long possession. The land however, which has been cultivated without permission, will be charged with assessment in communication with the Survey Department.

Appeal No. 3631 of 19th February 1887. *Appellant.* — *Vs.* — *Respondent.* Kalegauda, son of Gundegauda of Maravatalu in the Arakalgud Taluk, Hassan District. — Hanuman Gauda. This is an appeal against the order of the Deputy Commissioner, dated 16th January 1887, directing that the Respondent should continue in the office of Patel and that the names of the other claimants may be registered as Hakdars. The Barawarddars of the office in dispute were (1) Gundegauda, the father of the Appellant, and (2) Kalegauda, a distant collateral of the 1st named. On the death of Gundegauda, his son, the Appellant, claimed the office, and the 2nd Barawarddar Kalegauda, who was an old man, requested that the registry might be made in the name of his son. The Assistant Commissioner decided, on 12th March 1885, that as the 2nd Barawarddar was old and the Appellant was duly qualified, the office should be registered in the name of the Appellant and be allowed to perform the duties of the office. Subsequently, it was brought to the notice of the Deputy Commissioner that, notwithstanding the registry of the office in the names of the late

				father of the Appellant and Kalegauda, the offic was for upwards of 30 years held by the Respor dent, a collateral of the Appellant, and that h was doing the duties well. On this, the Deput Commissioner ordered, on the 16th January 188 that the Respondent should continue in office an that the names of the other claimants may be re gistered as Hakdars. The present appeal is against this orde The Appellant requests that the original order the Assistant Commissioner may be carried out. Subsequent to 1887, a great deal of corres pondence took place between the Amildar and th Deputy Commissioner in regard to the correctnes of the genealogical tree produced by the Appel lant and Respondent respectively, each assertin that he belonged to the eldest branch of the fam ly. The enquiry held, however, showed that Res pondent was the representative of the elde branch, and the Deputy Commissioner in his lette dated 31st March 1890, stated that the existin arrangement need not be disturbed. *Decision.*—Taking into consideration the lon period for which the Respondent has been in pos session of the office, and that he is also a membe of the family of the Hakdars, the Governmen concur with the Deputy Commissioner in thinkin that it is not desirable to disturb the existin arrangement. The Appellant's claim will be con sidered on the death of the Respondent.

				the records of the case it appeared that although the 1st Respondent was the nominated Shanbhog of the three villages, the Appellant was allowed by him to do the duties of the 1st and 2nd villages for more than 15 years. The 1st Respondent admitted this fact before the Amildar in 1885 and requested that the office of the 2 villages may be registered in the name of the Appellant, but he was unwilling to give him any villages. *Decision.*—As the Appellant had possession of the office of the two villages up to 3 or 4 years ago, his claim could not be said to be barred by the law of limitation, and there was also no doubt that Appellant had as much right to the office as the 1st Respondent, as the Appellant's father and the 1st Respondent were uterine brothers. The only question for consideration was whether the 3 villages which now constitute one Firka could be divided into two. The Government did not see why they should not. The Deputy Commissioner was requested to ascertain the Potagi allowance assigned for each of the villages and if the allowance of the two villages claimed was about the same, or less than that of the 3rd village, he was directed to constitute these two villages into a separate Firka and register them in the name of the Appellant. The Deputy Commissioner was ordered to report the case for the orders of Government if the Potagi allowance of the two villages claimed was more than that of the 3rd village.

Petitioner's ancestors constructed a tank in about 1819—20, and it was improved in 1869—70, in consequence of which a Kodigi Inam (2 khandis, 8 kudus and 2½ padis assessed at Rs. 13—9—7) was granted at the time of construction, and another (13 khandis, 1 kudu and 3½ padis assessed at Rs. 169—14—9) in 1869—70. The area of the whole Inam according to Survey is acres 37·3 assessed at Rs. 200—8—0. The Inam was enfranchised in 1880 on ½ assessment which was subsequently reduced to ¼ or Rs. 46½ under the rules. The original cost of the work is not known, but it is at present valued at Rs. 8,544, which

				includes the cost of repairs incurred or being in curred by Government subsequent to the enfran chisement of the Inam. Petitioner is now in arrear from 1880 an requests that, considering the large capital he ha spent on the work, the quit-rent should be reduced or at least the arrears remitted. The Deputy Commissioner reported that th wet assessment of the Inam after deducting th quit-rent was Rs. 154, and that if the lands wer properly cultivated, they might yield five time as much. Taking the worth of the tank at Rs. 7,34 (8,544—1,200), the wet assessment of the Inan is only a little more than 2 per cent per annum. Held that the quit-rent charged was the lowest sanctioned by the rules, and could not be further reduced, but considering the capital spent by Petitioner upon the tank and the long time the quit-rent has been left in arrear, the Govern-ment were pleased to remit the arrears prior to 1889—90 and directed that it be collected only from that year

Petitioner Rangaiya also applied for the land in June 1888, and a sale was ordered by the Amildar, but on the representation o Nanjegauda, the Deputy Commissioner sanctioned the grant of the same to him without sale, on pay ment of the value of the trees standing thereon Petitioner Rangaiya appeals against this order. After hearing the parties, the Governmen decided that they saw no good grounds to inter fere with the Deputy Commissioner's discretion i giving the land without sale to Nanjegauda. Appeal dismissed.

Petitioner appeals against the action of the Seringapatam Municipality who resumed a building site in June 1890 and proposed to give it for the construction of a Vernacular school, that site having been given to the Petitioner by its original purchaser one Mr. Krishnamachar. The facts of the case are as follows :— In July 1887 one Mr. Krishnamachar purchased from Government a house site for Rs. 50. The condition of the sale was that the purchaser should commence to build a house on the site within 6 months from the date of the sale and complete it within 2 years. The purchaser did not carry out the conditions and the site is still vaccant. The Municipality therefore resumed the site in June 1890 and propose to give it for the construction of Vernacular school. Petitioner, the brother-in-law of the original purchaser Krishnamachar, stated that the site was given to him by the latter, who proceeded to Pondicherry in connection with a Civil suit, and that he (Petitioner) was ready to build the house. He therefore prayed that the resumption of the site be cancelled. *Decision.*—The Government considered it hard to resume the site and allowed Petitioner to build a house on it within one year, with a warning that if he failed to do so the site will be resumed.
